
REVENUE BUDGET MANAGEMENT
MONTHLY MONITORING REPORT - JULY 2005

Responsible Cabinet Member(s) - Councillor Don Bristow,
Resource Management Portfolio

Responsible Director(s) - Paul Wildsmith, Director of Corporate Services

Purpose of Report

1. To present Director's projections of income and expenditure for the year compared with approved budgets for consideration of the Council's overall revenue budget position for 2005/06.

Information and Analysis

2. Departmental and corporate budgets and projected outturns are summarised in **Appendix 1** and detailed in **Appendix 2**. The attached figures compare projected out-turns with the Medium Term Financial Plan approved by Council on 10th March, 2005, updated to include 2004-05 outturn.
3. The Council's projected reserves at 31st March 2006 are summarised in **Appendix 3**. In May Cabinet approved additional resources of £20,000 for CCTV and £130,000 for Support for Local Bus Services. In June, additional resources of £77,000 were approved for Concessionary Fares and £10,000 for ICT costs for Implementation of E-Government. The projected General Fund reserve at the end of 2005-06 is £9.866M, which is £78,000 better than MTFP.
4. Departmental projected balances at 31st March 2006 are shown separately in Appendix 3. These total £169,000 surplus, which is £72,000 below MTFP. Since the last revenue budget management report to Cabinet in July, there has been a significant improvement in the projected out-turn for Development and Environment, which is now £166,000 deficit. Management action is continuing to address this, with the aim of a sustainable balanced budget over the medium term.
5. The projected year-end balance on the Housing Revenue Account is £1,181,000 which is £128,000 below budget but is healthy at 8.6% of turnover.
6. Projected Efficiency Gains are compared with the planned gains that were submitted to ODPM in April on the 2005-06 Annual Efficiency Statement (AES) in **Appendix 5**. The majority of planned gains are incorporated into the 2005-06 revenue budget and are on line to be achieved. Exceptions are Sickness Absence, which is currently higher than target and advertising income from Street Lighting, which is not to be implemented. Processes are

being developed to capture additional gains made during the year; three such gains are shown. Current projections show a shortfall of £154,000 compared with the AES but cumulative gains are 3.0% compared with the required 2.5%. Further gains will be identified during the remainder of the year and monitoring will continue against planned gains.
