MAIN REPORT

Information and Analysis

5. Cabinet at its meeting on 14th May, 2002 considered a report on the outcome of cases referred to the Ombudsman during the Municipal Year 2001/02 and resolved that at each meeting of Cabinet a similar report should be submitted on the outcome of two cases since the previous meeting of Cabinet. Since the meeting on 3 June 2008 two cases has been the subject of decision by the Ombudsman.
6. The outcome of cases on which the Ombudsman reached a view in the current reporting period is as follows :-

Finding	No. of Cases
Maladministration causing injustice (MI)	
No Maladministration (NM)	
Ombudsman's Discretion (OD)	
Outside Jurisdiction (OJ)	
Local Settlement (LS)	1
No or Insufficient Evidence of Maladministration (NIEM)	
Premature Complaint (PC)	1

Outside Jurisdiction

7. A matter under this heading is one where the Ombudsman for one of a number of technical reasons is not empowered to take action, e.g. there is a remedy through a normal Court of Law or the matter relates to an employment issue.

Premature Complaint

8. This heading covers matters where the Local Authority has not had the opportunity to deal with a complaint through its own Internal Complaints Procedures; the Ombudsman will normally wait for that procedure to be carried out before she considers investigating the matter herself.

No or Insufficient Evidence of Maladministration

9. This heading is self-explanatory. The Ombudsman will have carried out preliminary investigations but concluded that there is no or insufficient evidence of maladministration and no further action will be taken.

Ombudsman Discretion

10. This heading covers those cases where the Ombudsman decides not to investigate the case further for any other reason and exercises her discretion to close the file.

Local Settlement

11. This heading relates to cases where the Ombudsman after investigation suggests that the complaint might be resolved locally without a formal report being made and suggests how the matter might be drawn to a conclusion.

Analysis of Findings

12. The opportunity is normally taken to analyse the areas of the Council's functions where complaints have arisen. It seems appropriate to do that in order to establish whether there is any pattern to complaints received or whether there is a particular Directorate affected or a type of complaint which is prevalent. If there were a significant number of cases in any one particular area, that might indicate a problem which the Council would seek to address.
13. There was one case which the Ombudsman has classed as premature. This relates to a complaint about parking problems arising from businesses. The matter is now being dealt with under the Council's complaints procedure.
14. The case which the Ombudsman has classed as local settlement concerned analysis of a bottle of wine in the public protection team. The Council acknowledged that a number of errors had been made in the handling of the particular case, these were mainly due to individual staff error however the local settlement included recommendations for improvements and a financial offer. The Ombudsman's investigator complimented the Council's response to the complaint.
15. There are no issues arising from these complaints, other than those detailed, which suggest that there is a problem that the Council will need to address.

Outcome of Consultation

16. The issues contained within this report do not require formal consultation.
