- (e) No development shall take place until the Local Planning Authority has approved, in writing, a report provided by the applicant identifying how the predicted CO2

emissions of the development will be reduced by at least 10 per cent through the use of renewable energy equipment. The carbon savings, which result from, this will be above and beyond what is required by Part L Building Regulations. Before the development is occupied the renewable energy equipment shall have been installed and the Local Planning Authority shall be satisfied that their day to day operation will provide energy for the development for as long as the development remains in existence.

Reason - To limit the energy requirements of the development in accordance with the Regional Spatial Strategy; PPS1 – Delivering Sustainable Development; PPS22 – Renewable Energy and emerging government guidance on climate control.

- (f) Prior to the commencement of the development, a Dust Action Plan shall be submitted to, and approved by, the Local Planning Authority. The development shall not be carried out otherwise than in complete accordance with the approved details.

Reason - In the interests of residential amenity.

- (g) Notwithstanding the details shown on the approved plans the following details shall be submitted to, and approved by, the Local Planning Authority prior to the commencement of the development. The development shall not be carried out otherwise than in complete accordance with the approved details.

- (i) Details for the resurfacing of Leach Grove and School Street;
- (ii) Details for improvements to the existing flagged footways;
- (iii) Details of tactile paving and dropped crossings;
- (iv) Details of measures to ensure a 20mph zone for the development.

Reason - In the interests of pedestrian and highway safety.

- (h) Notwithstanding the details submitted with the application, a Travel Plan shall be submitted to and approved by the Local Planning Authority. The development shall not be carried out otherwise than in complete accordance with the approved details.

Reason - To encourage the future occupiers of the development to use different modes of transport.

- (i) Prior to the commencement of the development, precise details of the cycleway and footway shall be submitted to, and approved by, the Local Planning Authority. The development shall not be carried out otherwise than in complete accordance with the approved details.

Reason - In the interests of the highway safety and to ensure that the existing access to the allotments remains unaffected.

- (j) There shall be no discharge of surface water from the site unless in accordance with the agreed scheme shown on Drawing No: 7125/01 dated April 2008.

Reason - To reduce the risk from flooding.

- (k) No works shall commence on site until protective fencing, in accordance with BS5837 2005 has been erected around the trees in and adjacent to the application site. The fencing should be at least 2.3 metres high and consist of a scaffolding frame, braced to resist impacts, supported by a weldmesh wired to the uprights and horizontals to dissuade encroachment. The extent of the protection should be inspected by a Council Officer prior to the commencement of the development.

Reason: To ensure the retention of the trees and their protection from damage, in the interests of visual amenity.

- (l) Prior to the commencement of the development, details on the formation and construction of the parking bays shall be submitted to, and approved by, the Local Planning Authority. The development shall not be carried out otherwise than in complete accordance with the approved details.

Reason - To ensure the retention of the trees located close to the parking bays and their protection from damage, in the interests of visual amenity.

- (m) E2 - Landscaping (Submission).
- (n) Notwithstanding the details shown on the approved plans, precise details of the balancing ponds and wildlife habitat area, including landscaping, sustainable drainage details, topography details shall be submitted to, and approved by, the Local Planning Authority prior to the commencement of the development. The development shall not be carried out otherwise than in accordance with the approved details.
Reason - In order to increase the biodiversity associated with the development site and in the interests of the visual amenity of the area.
- (o) The development hereby approved shall not be commenced until sectional details showing existing and approved ground levels for the proposed buildings and the neighbouring gardens and dwellings have been submitted to, and agreed in writing, with the Local Planning Authority.
Reason: In order to ensure a satisfactory form of development.
- (p) B5 - Detailed Drawings (Implementation in accordance with approved plan).
- (q) Prior to any development commencing on the site the developer shall submit and have approved a Building Management Plan which will cover details such as construction phasing, building material storage, parking of construction vehicles and construction traffic movements.
Reason – To ensure that the residential amenity of nearby residents is protected during the construction period.

08/00066/FUL - Land at rear Of, 39 Harris Street, Darlington. Proposed erection of 5 No. three bedroomed dwellings along with associated garage and car parking spaces (as amended by plans received on 3rd June, 2008).

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), seven letters of objection and the comments of the Council's Environmental Health Officer, the Rights of Way Officer and Northern Gas Networks which had been received and the views of Mr. Thompson and Mr. Rumney, objectors, whom Members heard).

RESOLVED - That planning permission be granted subject to the following conditions :-

RESOLVED - That planning permission be granted subject to the following conditions : -

- (a) A3 - Implementation Limit (Three Years).
- (b) B5 - Detailed Application.
- (c) No later than one month from the date of this permission details of a surface water drainage scheme including attenuation to pre-development discharge rates shall be submitted to, and agreed with, the Local Planning Authority. No later than one month from the date of this permission the agreed surface water drainage and attenuation scheme shall be implemented to the satisfaction of the Local Planning Authority. Subsequently there shall be no discharge of surface water to any watercourse unless in accordance with the agreed scheme.
Reason – To reduce the risk from flooding.
- (d) No external floodlighting shall be used on the site unless details of the floodlighting have been submitted to and agreed in writing with the Local Planning Authority, together with an assessment of the impact on nearby sensitive properties. All lighting will need to be arranged so as not to shine directly towards and sensitive properties and to be shielded to prevent light spillage beyond the site boundary.
Reason – In the interests of visual amenity and to safeguard the amenities of nearby residents.
- (e) No waste products derived as a result of carrying out the development hereby approved shall be burned on site.
Reason – In the interests of residential amenity.
- (f) The off road riding tracks identified on drawing no.1885/01 dated April shall be green field tracks only and not surfaced with any material without the prior written agreement of the Local Planning Authority.
Reason – To safeguard the appearance of the surrounding countryside.
- (g) The improvements to the existing access track including passing bays shown on the approved drawings shall be carried within 60 days from the date of this permission, or within a timescale to be agreed in writing with the Local Planning Authority.
Reason- In the interests of highway safety.
- (h) No horseboxes or other vehicles associated with the equestrian/livery use shall be stored or parked outside the areas identified on drawing no. 1885/08 dated April 2008.
Reason – In the interests of visual amenity.

08/00591/FUL - 7 Church View, Sadberge. Construction of vehicular pavement crossing.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), the objections of Sadberge Parish Council and the comments of The Council's Highway's Officer which had been received and the views of Mrs. Hodgson, the applicant, whom Members heard).

RESOLVED - That planning permission be granted subject to the following conditions :-

- (a) A3 - Implementation Limit (Three years).
- (b) B5 – Detailed Drawings (Implementation in accordance with approved plans).
- (c) B4 – Material (Samples).

08/00515/OUT - Land to south of Woodlands Hospital, Morton Park. Erection of Children's Nursery and Residential Care Home (Incorporating Critical Care Unit) (Outline).

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), the comments of One North East, North East Assembly and the Tees Valley Joint Strategy Unit which had been received).

RESOLVED - That subject to no objections being raised to the departure advertisement the Assistant Chief Executive (Regeneration) be given delegated authority to grant planning permission subject to the following conditions: -

- (a) The approval of the Local Planning Authority shall be obtained with respect to the following reserved matters before the development is begun:-
 - (i) layout;
 - (ii) scale;
 - (iii) appearance; and
 - (iv) landscaping.

Application for approval of the reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.

Reason - To accord with the provisions of Section 92(1) of the Town and Country Planning Act 1990 (as amended).

- (b) A2 - Outline (Implementation Time).
- (c) Notwithstanding anything indicated on the submitted drawings the following details shall be submitted to and approved by the Local Planning Authority prior to the commencement of Development :-
 - (i) Dropped crossings/tactile paving at all pedestrian crossing points within the site.
 - (ii) Provision of a rear access zone of 1.2m on disabled car parking spaces (not to encroach onto the vehicle circulation area between the parking spaces).

The development shall not be carried out otherwise than in accordance with the approved details and the works shall be implemented prior to the nursery or residential care home being brought into use.

Reason – In the interests of highway safety.

- (d) Notwithstanding anything indicated on the submitted drawings provision shall be made for a pedestrian footpath/cycleway link from Yarm Road directly into the site, details of which shall be submitted to, and approved by, the Local Planning Authority, prior to the commencement of development. The approved footpath/cycleway link shall be constructed prior to the occupation of either building.

Reason - To ensure a sustainable link to existing public transport facilities and existing cycle routes.

- (e) Prior to the commencement of development precise details of secure covered cycle parking for staff and visitors shall be submitted, and approved by, the Local Planning Authority. The development shall not be carried out otherwise than in accordance with the approved details and the cycle parking provision shall be made available prior to the occupation of the buildings.

Reason – To ensure that adequate parking provision is provided in accordance with the adopted and emerging planning and transport policies which promote access by alternative transport modes.

- (f) Notwithstanding any information that has been provided with the application, details of a full travel plan/plans shall be submitted to and approved by the Local Planning Authority prior to the commencement of development. This scheme shall not be implemented otherwise than in accordance with the approved details.

Reason - To encourage the reduction of journeys made to and from the site by private motor vehicles by the promotion of more sustainable forms of transport.

- (g) Landscaping (Submission and Implementation).

- (h) No development shall be commenced until a design statement, to BREEAM Standards, for the development has been submitted to, and approved by, the Local Planning Authority. The development shall not be carried out otherwise in accordance with the approved details.

Reason – In order that the Local Authority are satisfied as to the details of the development and to ensure that the development is carried out in a sustainable manner.

- (i) No development shall commence until a scheme to achieve at least 10 per cent on site energy from renewable sources, has been submitted to, and approved by, the Local Planning Authority. The development shall not be carried out otherwise than in accordance with the approved details.

Reason – in order to comply with the objectives set out in the Regional Spatial Strategy for on site renewable energy sources.

- (j) The children's nursery hereby approved, shall not be used for any other purpose, including any other purpose within Class D1 (Non Residential Institutions) of the Schedule to the Town and Country Planning Use Classes Order 1987, or any other Order revoking or re-enacting that Order.

Reason – The application is acceptable as a complementary use within the allocated employment use within the allocated employment area but the Local Planning Authority considers it appropriate to restrict the use of the premises in order not to prejudice development plan policy for the area.

- (k) Prior to being discharged into any watercourse, surface water sewer or soakaway system, all surface water drainage from parking areas and hardstandings shall be passed through an oil interceptor installed in accordance with a scheme previously submitted to, and approved in writing by, the Local Planning Authority. Roof water shall not pass through the interceptor.

Reason - To prevent pollution of the water environment.

- (l) No development shall be commenced until a scheme for the provision and implementation of surface water drainage, including surface water run-off limitation, has been submitted to, and approved in writing by, the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.

Reason - In order to prevent pollution of the water environment.

(2) Planning Permission Deferred

08/00589/FUL - 17 Linden Avenue, Darlington. Erection of single storey residential dwelling incorporating improvements to existing track surface.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), 22 letters of objection which had been received and the views of Mr. Wood, , Mr. Knapton and Mr. Chambers, objectors, whom Members heard).

RESOLVED – That the application be deferred to enable clarification of ownership of the existing track to be sought.

08/00407/DC - Dinsdale Court, Middleton St George, Darlington. Erection of two storey sheltered housing providing accommodation for 22 No. residents.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), four letters of objection from local residents and several issues raised by residents which could not be taken into consideration as they were not considered to be material planning considerations which had been received and the views of Mrs. Candler, an objector, and Councillor D Jones, Ward and Parish Councillor whom Members heard).

RESOLVED - That planning permission be deferred to enable a site visit to take place.

08/00457/DD - Dinsdale Court, Middleton St George, Darlington. Determination as to whether prior approval is required for demolition of sheltered housing to enable redevelopment.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated)).

RESOLVED - That planning permission be deferred to enable a site visit to take place.

08/00586/CU - 9-10 Horsemarket, Darlington. Retrospective application for the change of use from A1 (sports shop) to Mixed A1/A3 Use (café/shop).

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), one letter of objection which had been received and the views of Mr. G. Pybus, on behalf of Darlington Association on Disability whom Members heard).

RESOLVED – That planning permission be deferred to enable further investigations to take place on provision of an alternative access for the disabled.

(3) Darlington Borough Council Granted

08/00597/DC - Arriva Bus Depot, Feethams. Demolition of former Bus Station and change of use to Public Car Park.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated), and the comments of Northumbrian Water which had been received).

RESOLVED - That planning permission be granted subject to Regulation 3 of the Town and Country Planning General Regulations 1992 and subject to the following conditions :-

- (a) The development hereby permitted shall be commenced not later than the expiration of three years from the date of this permission.

Reason - To accord with the provisions of Section 91(1) of the Town and Country Planning Act, 1990.

- (b) Notwithstanding the details shown on the approved plans, plans showing precise details of the means of enclosure; lighting columns; and CCTV tower shall be submitted to, and approved by, the Local Planning Authority prior to the commencement of the development. The development shall not be carried out otherwise than in complete accordance with the approved details.

Reason - In the interests of the visual amenity of the locality.

- (c) Prior to the commencement of the development, precise details of the accurate location, protection of and access arrangements to any Northumbrian Water apparatus shall be submitted to, and approved by, the Local Planning Authority in consultation with Northumbrian Water.

Reason - Northumbrian Water 's apparatus is located in/near to the development site and unrestricted access to the apparatus is required at all times. Northumbrian Water will not permit the erection of any buildings or structures over or close to the apparatus. Any proposed crossing, landscaping, parking areas or tree planting must comply with Northumbrian Water guidelines.

- (d) Notwithstanding the details shown on the approved plans, precise details of the following shall be submitted to, and approved by, the Local Planning Authority prior to the commencement of the development. The development shall be carried out in accordance with the approved details:

(i) Method of reinstating redundant accesses to footways;

(ii) Construction of the new bus top (including raised kerbs; platform; road markings; and bus stop pole);

(iii) Dropped kerb crossings and tactile paving.

Reason - In the interests of highway safety.

- (e) This permission hereby granted shall be for a limited period only expiring on 27th August 2013.

Reason – To enable the Local Planning Authority to reassess the redevelopment of the application site.

- (f) The proposed development shall be carried out in all respects in accordance with the proposals contained in the application and the plans submitted therewith and approved by the Local Planning Authority, or as shall have been otherwise agreed, in writing, by the Local Planning Authority.

Reason - To ensure the development is carried out in accordance with the planning permission.

- (g) Prior to the commencement of development, including the demolition of the existing building, approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved, in writing, by the local planning authority:

(i) A preliminary risk assessment which has identified:

all previous uses

potential contaminants associated with those uses;

a conceptual model of the site indicating sources, pathways and receptors; and potentially unacceptable risks arising from contamination of the site.

(ii) A site investigation scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.

(iii) The site investigation results and the detailed risk assessment (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.

(iv) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action. Any changes to these components require the express consent of the local planning authority. The scheme shall be implemented as approved.

Reason – When consulted about this application, we have objected to the development as proposed as a preliminary Risk Assessment has not been supplied with the application, and the risk to controlled waters is unacceptable as there is no information to indicate otherwise. However, we understand that the Local Planning Authority is minded to overrule this objection and grant permission for the proposed development. The information provided with the planning application indicates that the site has been subjected to a potentially contaminative land use i.e. a bus depot. The environmental setting of the site is sensitive as it is within 50m of a main river. This condition will ensure that the risks posed by the site to controlled waters are assessed and addressed by the development.

- (h) Prior to commencement of development, a verification report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of the remediation shall be submitted to and approved, in writing, by the local planning authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. It shall also include any plan (a long-term monitoring and maintenance plan) for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification plan, and for the reporting of this to the local planning authority.

Reason – The information provided with the planning application indicates that the site has been subjected to a potentially contaminative land use i.e. a bus depot. The environmental setting of the site is sensitive as it is within 50m of a main river. This condition will ensure that the risks posed by the site to controlled waters are assessed and addressed by the development.

- (i) If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing by the Local Planning Authority) shall be carried out until the developer has submitted, and obtained written approval from the Local Planning Authority for, an amendment to the remediation strategy detailing how this unsuspected contamination shall be dealt with.

Reason – Unsuspected contamination may exist at the site which may pose a risk to controlled waters.

- (j) Flood warning notices shall be erected in numbers, positions and with wording all to be agreed with the Local Planning Authority. The notices shall be kept legible and clear of obstruction,

Reason – To ensure that owners and occupiers of premises are aware that the land is at risk of flooding.

- (k) Prior to being discharged into any watercourse, surface water sewer or soakaway system, all surface water drainage from parking areas and hardstandings shall be passed through an oil interceptor installed in accordance with a scheme previously

submitted to an approved in writing by the Local Planning Authority.

Reason – to prevent pollution of the water environment.

- (1) No works shall commence on site until protective fencing, in accordance with BS5837 2005 has been erected around the trees to the east of the application site. The fencing should be at least 2.3 m high and consist of a scaffolding frame, braced to resist impacts, supported by a weldmesh wired to the uprights and horizontals to dissuade encroachment. The extent of the protection should be inspected by a Council Officer prior to the commencement of the development.

Reason – To ensure the retention of the trees and their protection from damage, in the interests of visual amenity.

08/00593/DC - Dodmire Infants School, Rydal Road, Darlington. Retention of existing single storey module temporary classroom building.

(In reaching its decision, the Committee took into consideration the Planning Officer's report (previously circulated) and the comments of Sport England which had been received).

RESOLVED - That planning permission be granted subject to the following condition :-

This permission is granted for a temporary period expiring on 27th August, 2010. Any buildings, structures or works implemented under this permission shall be removed from the site no later than the expiry date.

Reason - In order to assist the function of the school in accordance with Policy R25, Provision of Community Facilities and Services of the Borough of Darlington Local Plan by providing temporary classroom facilities.
