Appendix 1

Reasons for below target performance

Service area	Indicator	Target	Actual	
Children &	LI 1506 - Looked after children absent from school	7.0	9.9	
Families	Reasons - An increase in the number of young people	e placed		
1 diffines	geographically out of authority has impacted on this indicator. Plans			
	for closer monitoring are being implemented. Figure of 9.9% relates to			
	eight out of 81 young people.			
Children &	LI 1510 - Adoptions of looked after children	10.5	6.2	
Families	Reasons - This figure is collected annually and curre			
	obtaining Adoption and Special Guardianship Orders before 31/03/10			
	are on target for an outcome in the highest banding.			
Children &	NI 045 - Young offenders engaged in suitable,	75.0	66.0	
Families	education, employment and training			
	Reasons - Education, training and employment (ETE) Provide:	rs are	
	finding it difficult to get placements for 16+ age group. Figure reported			
	is the cumulative figure for 2009-10. Figure for quarter is 64.0%.			
	ACTION: Restructuring to provide more integrated approach. Actions			
	and plans are being put in place to sustain any develo	pment of	ETE	
	activities.			
Children &	NI 059 - Percentage of initial assessments of	72.0	50.8	
Families	children's social care carried out in less than 7 days	72.0	30.0	
1 diffines	·			
	Reasons - Capacity issues due to increase in workloa			
	Changes to recording and practice have resulted in in	•		
	performance. Agreement to recruit additional worker	s. Posts ci	ırrently	
	advertised.			
Children &	NI 060 - Percentage of core assessments for	88.0	71.9	
Families	children's social care carried out <35 working days			
	Reasons - Capacity issues due to increase in workloa	ds. ACTI	ON:	
	Changes in recording and increase in establishment -			
	manager, three social workers have lead to recent imp			
	performance. Agreement to recruit additional worker	s. Posts cı	ırrently	
	advertised.	T		
Children &	NI 062 - Percentage of looked after children with 3	11.0	12.5	
Families	or more placements during the year			
	Reasons - This outcome is linked to the number of referrals and			
	admissions of looked after children and the current sh			
	fostering provision. Recruitment of foster carers cont	inues to b	e a	
	priority for the Family Placement Service.	0.0	11 -	
Children &	NI 065 - Percentage of children becoming the	9.0	11.5	
Families	subject of a Child Protection Plan for a second or			
	subsequent time	1 1		
	Reasons - Large variance due to one family with seven	eral memb	oers	
CI II I	receiving a second Child Protection Plan.	60.0	55.4	
Children &	NI 100 - Percentage of looked after children	60.0	57.1	
Families	reaching level 4 in mathematics at Key Stage 2			

	Reasons - Target achieved. Large variance due to low number of children; one child equals 14%.			
Children &		75.0	42.0	
	NI 148 - Care leavers in education, employment or	/5.0	42.9	
Families	training			
	Reasons - The numbers reported are low at the beginning of the year			
	As the year progresses the number of children aged 19 will increase and therefore impact on this NI's outcome. Two children have finished			
	training courses and are now unemployed.		_	
Partnerships	LI 1255 - Percentage of adult learners from	34.0	29.8	
	targeted wards			
	Reasons - Learner numbers across the service have declined and we think this is due to the recession.			
Partnerships	LI 1268 - Number of childcare Web hits	16,500	12,783	
	Reasons - Fewer hits on teeschildcarejobs website du			
		of vacancies in childcare. Hits on Children and Young People directory		
	are on the increase but not as much as expected. ACT		•	
	promotion of both websites is within a current action		iitiiiucu	
Partnerships		100.0	81.6	
rarmerships	LI 1294 - Percentage of schools achieving the	100.0	01.0	
	National Healthy Schools Status	TD1	1	
	Reasons - This was an LA stretched target set 3 year			
	been some staffing difficulties. ACTION: New mem			
	been appointed to support schools, and will come into	o post on	15th	
	February.		1	
Partnerships	NI 009 - Percentage of adult population who say	43.2	38.8	
	they have used a public library service in the last 12			
	months			
	Reasons - Change to percentage this year is not statistically significant. This is due to the survey's sample size, and has been			
	reported by the Active People survey as 'No Change'.			
Partnerships	NI 088 - Percentage of schools providing access to	97.5	87.2	
•	extended services			
	Reasons - Review to be carried out for schools without a Full Cor			
	Offer (FCO) of extended services, and individual act			
	remaining schools.			
Partnerships	NI117 - Percentage of 16-18 year olds who are not	6.3	7.1	
1 at theismps	in education, employment or training (NEET)	0.5	7.1	
		antamban	dua ta	
	Reasons - NEET Numbers peak between June and S	•		
	the turbulence caused by the final destinations of coll	_	_	
	unknown at this time. From October the figure begin			
	target is based on the average figure for the three mo			
	2009 to January 2010 inclusive, and will be reported			
Planning &	LI 1751 - Percentage of secondary schools satisfied	65	33	
Resources	with their authority's home to school transport			
	Reasons - Large variance due to only three secondary	y schools		
	completing the survey, with two of these schools ans	wering th	is	
	question as 'Unable to comment'.	-		
Planning &	LI 1767 - Percentage of complaints resolved at	100	75	
Resources	stage 1			
	Reasons - Below target by five complaints. ACTION	J: Trainin	g for	
	Treasons - Delow target by five complaints. ACTION	1. IIallilli	5 101	

i e	toom managers to take place on complaint handling and raised			
	team managers to take place on complaint handling and raised			
Calcal	awareness of the new complaints officer.	55.0	50.6	
School	NI 072 - Percentage of children achieving 78 points	55.8	50.6	
Improvement	across all 13 Early Years Foundation Stage (EYFS)			
	with at least 6 points in each of the relevant scales			
	Reasons - Many of the interventions have been target			
	younger EYFS Children and will impact in future years. Flying Start 2			
	nursery and reception data was delayed - with the result that the			
	evidence base for targeted intervention was not available. ACTION:			
	Flying Start 2 nursery and reception data to provide the evidence base			
	for targeted intervention in individual schools/settings. The targeted			
	Every Child a Talker (ECAT) programme is impacting on the			
	Communication, Language and Literacy (CLL) score - this will			
	increase as ten more schools/settings have commenced the ECAT			
	programme. Ten schools/settings have commenced the CLL			
	programme with a focus towards impact on the Linki	ng Sound	s and	
	Letters strand of CLL too.			
School	NI 073 - Percentage of pupils achieving level 4 or	78.0	77.6	
Improvement	above in English and mathematics at Key Stage 2			
	Reasons - Target achieved when rounded to a whole number.			
	Performance improved by over 5% on previous year, however there			
	were four schools which missed their target by more	than 5%.		
School	NI 075 - Achievement of 5 or more GCSE grade	58.7	51.8	
Improvement	A*-C or equivalent including English and			
	mathematics			
	Reasons - An actual increase of 4% on previous year's performance			
	and is 2% higher than National averages in this benchmark. One school			
	had a large drop in this area of 14.9% contributing to the local			
	authority missing the 58.7% target. This target also assumed that the			
	authority missing the 38.7% target. This target also as	ssumed th	at the

	went into the Ofsted category Special Measures. The LA continues to		
	work with the headteacher (HT), staff and governors in formulating		
	and delivering an improvement plan. The LO continues to visit weekly		
	and will closely monitor progress against the plan. A		
	supporting the process. In addition two very experien		_
	governors have been appointed to the Governing Body by the LA to		
	provide greater rigour and establish a greater degree		
	The results for 2008/09 show improved performance in all subjects but		
	still fall short of statutory targets. The school was re-inspected by		
	Ofsted in September 2009 and although some progress was		
	acknowledged the pace of the progress was deemed to be too slow. An		
	Acting Headteacher has therefore replaced the original HT at the time		
	of the inspection.	ı	ı
School	NI 089b - Average time spent by schools in special	0	25
Improvement	measures (months)		
	Reasons - Indicator relates to schools coming out of		
	measures category during the 2008-09 academic year		_
	inspection by Ofsted in late November 2008, The Pho		
	spending 25 months in the special measures category, moved to the		
	category of notice to improve.	T	T
School	NI 092 - Narrowing the gap between the lowest	34.3	38.0
Improvement	performing 20% in the Early Years Foundation		
	Stage (EYFS) Profile and the rest		
	Reasons - Many of the interventions have been targe		
	younger EYFS Children and will impact in future years. Flying Start 2		
	nursery and reception data was delayed - with the result that the		
	evidence base for targeted intervention was not available. ACTION:		
	Flying Start 2 nursery and reception data to provide the evidence base		
	for targeted intervention in individual schools/settings. The targeted		
	Every Child a Talker (ECAT) programme is impacting on the CLLD		
	score of the lowest 20% - this will increase as ten more		
	schools/settings have commenced the ECAT programme. Ten		
	schools/settings have commenced the CLLD programme with a focus		
	towards impact on the Linking Sounds and Letters strand of CLLD		
Cahaal	which will impact on the gap.	00.0	04.2
School	NI 093 - Percentage of pupils progressing by two	88.0	84.2
Improvement	levels in English between Key Stage 1 and Key Stage 2		
	Reasons - Performance has improved by over 10% st	ingo 2005	
	however there were eleven schools which missed the		
	than 5%.	n target o	y more
School	NI 107 - Key stage 2 attainment for black and	25.0	31.4
Improvement	minority ethnic groups	23.0	J1. T
inprovement	Reasons - Large variance due to low number of black	k and min	ority
	ethnic pupils; below target by one pupil. NI calculate		-
	definition released for NI 107 in February 2009. Figure 107		
	gap for the Gypsy, Roma and Traveller of Irish Herit		
	which is the only ethnic group Darlington has at KS2 that meets the		
	requirements for NI 107 reporting, i.e. cohort size and previous KS2 &		
	KS4 performances of ethnic group.	- P-0 (10 a)	. 11.52 W
	1 220 . Portormances of cumic Group.		

School	NI 114 - Rate of permanent exclusions from school	0.12	0.20	
Improvement	Reasons - Actual based on the 2008/09 academic year	ear. Target missed		
	by 12 pupils. An increase in permanent exclusions at two secondary			
	schools has lead to the higher rate. Partnership agreement in place with			
	schools, which has resulted in Higher Level Teaching Assistants			
	(HLTAs) being positioned in each secondary school	ol to run internal		
	exclusion units.
