
MEDIUM TERM FINANCIAL PLAN 2013/14 TO 2016/17

Responsible Cabinet Member - Councillor Stephen Harker, Deputy Leader

Responsible Director - Ada Burns, Chief Executive

SUMMARY REPORT

Purpose of the Report

1. To propose a 2013/14 budget for consultation and to agree a timescale and approach to revising the Medium Term Financial Plan (MTFP) during 2013 to meet the further financial challenges faced by the Council over the life of the MTFP.

Summary

2. The Council continues to face a significant financial challenge; the Council since 2010 has planned to reduce expenditure by £24m, of this £4.5m has been removed or reduced due to MTFP amendments. The Local Government Finance Settlement for 2013/14 and 2014/15 have given more certainty to the size of financial reductions that need to be made by the Council, the cumulative savings required are shown below:-

	2013/14 £m's	2014/15 £m's	2015/16 £m's	2016/17 £m's
Budget Gap	4.414	9.858	15.648	17.671
Savings included in this report	(1.500)	(3.000)	(3.000)	(3.000)
Further savings required	*2.914	6.858	12.648	14.671

* To be funded from revenue balances

3. The Government has reduced the limit by which Council Tax can be increased without a referendum from 3.5% to 2%. A 2% increase for 2013/14 is included in the MTFP and initial plans include a 2% increase each year thereafter, however, the fundamental review of the Council's finances during 2013 will revisit this. The Council's budget is increasing as demand for services increases, particularly in social care.
4. The Council must now embark on developing further proposals to reduce spending, the level of reduction required suggests the Council will have a significant challenge to fund services above a statutory minimum level meaning that many services will have to be cut or stopped.

5. Detailed proposals are being developed to achieve further savings in HOW the Council works and these will be presented to a future meeting. An estimate of achievable savings has been included in the MTFP.

Recommendation

6. It is recommended that;
 - (a) The proposed Revenue MTFP as summarised in **Appendix 7** be recommended to Council on the 28 February 2013 including the following;
 - (i) A Council Tax increase of 2% for 2013/14.
 - (ii) Schedule of charges as set out in **Appendix 3**.
 - (iii) The use of £2.914m of revenue balances in 2013/14.
 - (iv) No changes to agreed policy and service levels.
 - (v) £1.5m be transferred from revenue balances to the redundancy reserve.
 - (vi) The capitalisation of £1m of expenditure currently included in the revenue budget for years 2013/14 and 2014/15.
 - (vii) Revenue provision to cover the borrowing of £1m to fund the purchase of land at Blackwell Grange Golf Club as part of the arrangement to sell Stressholme golf course.
 - (b) Cabinet receive a report on proposals to reduce expenditure on HOW the Council operates at a future Cabinet meeting.
 - (c) Approve the approach to developing further budget reductions as set out in paragraph 36.
 - (d) The proposed Capital MTFP set out in paragraph 41 to 56 and **Appendix 5** be recommended to Council on the 28 February 2013.

Reasons

7. The recommendations are supported by the following reasons :-
 - (a) To propose an MTFP for 2013/14 - 2016/17 for consideration by Council.
 - (b) To meet the statutory timetable for setting the 2013/14 budget and Council Tax.
 - (c) Further reductions in spending during 2013/14 will reduce the call on revenue balances.
 - (d) To provide an approach to develop a sustainable MTFP.
 - (e) To provide funding for capital schemes.

Background Papers

No Background papers were used in the preparation of this report

S17 Crime and Disorder	The report contains proposals to continue to allocate resources in support of the Council's Crime and Disorder responsibilities
Health and Well Being	The report contains proposals to continue to allocate resources in support of the Council's Health and Well Being responsibilities
Carbon Impact	The proposals in the report seek to continue to support the Council's responsibilities and ambitions to reduce carbon impact in the Council and the Borough.
Diversity	There are no specific proposals that impact on diversity issues.
Wards Affected	All wards are affected
Groups Affected	All groups are affected by the Council Tax increase. There are no proposals that impact on specific groups.
Budget and Policy Framework	The MTFP, Budget and Council Tax must all be decided by full Council-
Key Decision	The MTFP, Budget and Council Tax must all be decided by full Council
Urgent Decision	The MTFP, Budget and Council Tax must all be decided by full Council
One Darlington: Perfectly Placed	The proposed MTFP does not make any changes to policy or service levels.
Efficiency	Efficiency savings have been included in the MTFP and future proposals are being developed as HOW the Council operates.

MAIN REPORT

Context and Background

8. Since 2010 the Council has faced continued significant financial pressure as the Government has reduced funding to Local Government and limited Council Tax increases, at the same time considerable cost pressures most notably in Social Care for children and adults have impacted on the Council's budget.
9. When the Council agreed its budget for 2010/11 planned expenditure matched anticipated income, the Council had, over a number of years since becoming a Unitary Council, worked hard to achieve excellent performance and maximum value for money. In 2010/11 it was assessed as a top performing Council with the lowest Council Tax in the North East Region. However, in considering the 2010/11 to 2014/15 MTFP Council acknowledged that the following years would represent the most significant financial challenge for the Council since it became a Unitary in 1997.
10. Since agreeing the 2010/11 MTFP the Council has faced a Government emergency budget in 2010 and more significantly a new Comprehensive Spending Review (CSR) that saw Government funding for Darlington projected to reduce by 24.4% by 2014/15. In November 2009 Cabinet, in anticipation of the significant financial challenges ahead, agreed a business model to guide the Council through the subsequent financial challenge. Members will recall the business model is framed on asking three simple but fundamental questions :-
 - (a) WHAT services will the Council provide for the public of Darlington? Resources are reducing and therefore services provided will reduce, decisions on which services reduce are based on the content of the current Sustainable Community Strategy - One Darlington: Perfectly Placed.
 - (b) HOW do we deliver services? Constant challenge of the way in which services are delivered looking to continually improve efficiency and effectiveness of the services we choose to provide under the WHAT question.
 - (c) WHO will provide services for the public at Darlington? Challenging who is best placed to deliver services in terms of cost and effectiveness is a key strand of the Business Model.
11. In previous reviews of the MTFP the emphasis has been on the HOW and WHO strands with £18.7m of the planned £24m coming from these strands, however the ability to get "the same for less" becomes increasingly difficult and the emphasis will move further to asking WHAT services the Council can continue to fund. Members have already made difficult decisions on WHAT services to provide therefore future revisions to the MTFP will be extremely difficult.
12. In July 2012 Cabinet received an update on the latest projections for the MTFP taking into account the 2011/12 revenue outturn and latest projections on Government grants and Council Tax levels. The projection highlighted that in the short term the Council, due to the response already taken to the financial challenge, could in 2013/14 set in effect "a standstill budget" whilst developing longer term plans. The "standstill" approach would also give the Council the

opportunity to review the impact of the new Local Government Funding Regime and the Local Government Finance Settlement both due to be implemented on 1 April 2013. Cabinet agreed the proposed approach which included the plan to consult fully with the public on the proposals to meet the projected budget deficit of £9.4m during the summer/autumn of 2013.

13. Members have been informed and will see from the analysis contained in this report that the projected budget deficits for the current MTFP have nearly doubled since July and the speed at which budget reductions are required has increased creating a greater challenge than anticipated, this is due to three factors:

- (a) Greater cuts in Government grants than anticipated
- (b) Greater restrictions on Council Tax increases than anticipated
- (c) Greater budget pressures than anticipated.

14. In summary, this report outlines the need for the Council to reduce spending by a further £17.671m.

Updated Information and Changes to the Draft MTFP

15. As a result of updated information since the draft MTFP was approved for consultation in January, a number of changes have been made to this proposed MTFP. These changes, along with references to where they appear in the report are shown below:-

	Change	Effect	Para.	App.
1	Council Tax – additional council tax due to increased tax base, £0.117M in 2013/14.	Increased resources that reduce savings target	31	7
2	Capitalisation of revenue expenditure of £1m in 2013-14 & 2014-15. Figures now assume this is agreed.	Increase resources available	2,26, 31, 34	7
3	Additional New Homes Bonus in 2013/14 of £150k	Increase resources available reducing future savings targets	28 (d)	7
4	Debt Repayment savings of £320k in 2012-16 MTFP not realised.	Increases savings target	2, 17	2
5	The projected outturn for 2012-13 has been updated to include latest projections. Projected balances at 31 March 2013 have increased by £1.031m to £15.382m.	Higher level of balances available	34	7
6	Changes to Kids & co. Nursery pressures due to closure	Minimal impact on savings target	27, 31	6, 7
7	Wheelie Bins – additional resources not required until 2013-14.	No impact on savings target	27, 31	6, 7
8	Other Income shown as Resources in summary now included in departmental budgets.	No impact on savings target	27, 31	6, 7

9	Provisional Grant settlement for 2014-15 is £0.024m higher than anticipated	Minor changes to total resource levels with small impact on savings target	31	7
10	Budget amended to reflect the proposed sale, original draft budget included 3 months budget, it has been revised to include the costs of the service up to transfer plus on-going maintenance and debt costs.	Reduces level of resources available	27, 31	6, 7
11	Additional Financing costs	Increases savings target	17, 31	6, 7
12	Public Health Grant now confirmed as £6.989M	No impact as it is a ring fenced budget.	29	6
13	The draft MTFP did not include the full capital programme which has now been included.	No impact	41-56	5

Preparing Net Expenditure Budgets Including Income from Fees and Charges

16. As in previous years, officers have prepared budgets based on existing policy and service levels and set out in **Appendix 1** are the assumptions used to prepare estimates. Estimates include new responsibilities, the most significant being Public Health and Council Tax support payments.
17. The net cost of providing current service levels and policy has increased due to price and demand pressures plus reduced income from fees and charges. Set out below is a summary of such pressures whilst **Appendix 2** contains the full detail:

Summary	2013/14 £m	2014/15 £m	2015/16 £m	2016/17 £m
Increased Service Demand	2.736	2.962	3.174	3.270
Price Inflation	0.413	0.452	0.500	0.655
Reduced Income	0.842	1.109	1.218	1.216
Other	0.613	0.496	0.584	0.467
Shortfall on previously identified savings	0.333	2.404	2.404	2.404
Contingencies	0.393	0.393	0.393	0.393
Total	5.330	7.816	8.273	8.405

18. Members will see from Appendix 2 not all pressures have been allocated to service budgets, instead a contingency has been established. Pressures that can be estimated with reasonable certainty are allocated to service budgets. Pressures that are foreseen but can be estimated with less certainty are included in the contingency, which will be monitored during the financial year against the identified pressures. The appendix also includes contingencies brought forward from 2012/13.
19. The pressures include £1.3M in respect of Collaboration. Members will be aware that the current MTFP includes an estimate of savings to be achieved from collaboration of £2m. The recent Strategic Options for Place which included the

consideration of collaboration options delivered savings of £700,000 per annum which has been offset against the collaboration target.

20. The plans for collaboration are currently being reviewed by each Council in light of the recent financial settlement and proposals will be presented to Members shortly. For the purpose of revising the MTFP the savings target of £1.3m has been removed and will be replaced with actual savings included in the business case when reported to Members.
21. When preparing draft estimates officers have, wherever possible, reduced expenditure which does not have a direct impact on service levels or policy.
22. The Council raises income from fees and charges for services and these are reviewed each year. **Appendix 3** proposes revisions to existing levels and the new fees and charges will raise an additional £66K.
23. The NHS Commissioning Board has £1.739m for 2013/14 which is available to the Council under a Section 256 agreement. The condition of transfer is that local authorities agree with their health partners how the funding is best used within social care, and the outcomes expected from this investment. At this stage our budget assumes £0.800m will be used to fund existing commitments as per the 2012/13 agreement. It is anticipated at this point the remaining income will be offset by additional expenditure.
24. The Chief Officers Executive (COE) are currently developing proposals to reduce the costs of HOW the Council operates, early thinking is this can be achieved by :-
 - (a) Increasing the risk the Council takes
 - (b) Reducing support to managers and Councillors in respect of HR, Finance, Policy and Strategy, Legal, ICT and project management
 - (c) Further rationalisation of management
 - (d) Reducing strategic forward planning and performance management
 - (e) Reducing consultation, engagement and communication
 - (f) Concentrate on fewer priorities
25. Although firm proposals are as yet not available, COE are confident that savings of £1.5m can be achieved in 2013/14 leading to a full year saving of £3m. A provisional savings target has therefore been included in the draft MTFP. The proposals when developed will be presented to Cabinet and as they will not have an immediate impact on front line services they will be implemented without public consultation.
26. The Council recently received a £2m capital receipt from Durham County Council in final settlement of the 1997 Local Government Reorganisation. This 'windfall' can only be used for capital purposes however the revenue MTFP includes capital expenditure which currently the Council chose to treat as revenue and therefore the £2m could be utilised to support the revenue MTFP. The extent of such expenditure is £1m per annum mainly in the highway service and therefore it is recommended that the capital receipt be used to support the MTFP in 2013/14 and 2014/15. This approach will assist the Council in bridging the budget gap whilst new plans are developed. Members will appreciate that this will reduce funds available for capital schemes but given the priority of delivering a sustainable MTFP this approach is seen as appropriate.

27. Taking the above into account projected expenditure is set out below :-

Budget	2013/14 £m's	2015/15 £m's	2015/16 £m's	2016/17 £m's
People Budget	54.680	55.712	56.667	57.831
Place Budget	18.253	18.871	20.861	21.541
Resources Budget	13.348	13.324	13.563	13.722
Public Health *	0.000	0.000	0.000	0.000
Financing Costs	3.899	4.051	4.071	3.963
Council Wide Pressures/Savings	0.212	0.118	0.117	0.117
Contingencies	1.193	1.293	1.293	1.293
Total Net Expenditure	91.585	93.369	96.572	98.467

*It is assumed at this point in time that expenditure will be matched by the grant received.

Income Streams available to Fund Council Net Expenditure

28. From 1 April 2013 a new funding regime for Local Government will be introduced, the elements of this system are explained below.

(a) Overall System

Prior to 1 April 2013, each year local government financial settlements were based on changing circumstances such as levels of Council Tax and Business Rates collected or the needs of populations within Council areas, these annual changes ensured that Government grant was distributed based on the latest information available and ensured as far as possible within the limitations of any national funding scheme, that funding followed need. However, the system did not give certainty of grant beyond a year or in some cases two years and did not directly reward Local Authorities for increased number of houses or increased Business Rates. It did, however, protect individual Councils from significant losses in terms of Business Rates and Council Tax.

The new system aims to reverse perceived advantages and disadvantages of the old system, it provides more certainty as elements within the grant system remain unchanged for the next seven years, and the only variant is the amount by which the Government reduces the grant each year. However this means that any changes in need will not be addressed for up to seven years so for example a Council that sees significant increases in unemployment with consequential demands on Council Tax benefits and services, will not be recompensed. Growth in the number of houses built and Business Rates raised is rewarded within the new system. In terms of Business Rates Councils will retain 49% of any growth up to 2020. Conversely, Councils will have to fund all reductions in the Council Tax bases and 49% of all losses on Business Rates until a safety net mechanism kicks in.

In summary, the new system offers benefits and threats dependant on the nature of each individual Council area.

(b) Revenue Support Grant (RSG)

A Government grant based on calculated need for each Council less the ability to raise income from local taxation. Need will not be recalculated until 2020 however total grants payable nationally will be subject to reduction each year as decided by the Government.

(c) Business Rates Retained by Local Authority

The Council will keep 49% of all rates collected, the rate in the pound is set nationally and is increased each year by the Retail Price Index (RPI), if rateable values in the borough remain constant income will increase for this element by RPI each year. However, variations up and down in rateable value are more likely.

(d) New Homes Bonus (NHB)

New Homes Bonus is an un-ringfenced grant paid in recognition of net additions to effective housing. The Bonus is intended to be a permanent incentive paid in respect of new build, conversions and long-term empty properties brought back into effective use. Payments for each eligible property are paid for six years and are calculated per home in terms of the national average Council Tax Band for that home. An additional flat rate of £350 per year (also for six years) is paid for each affordable home delivered. This bonus is in addition to the Council Tax collectable on the property. £2 Billion of funding has been identified to be top sliced from the Spending Review Control Total to fund the scheme in full, although in 2013/14 & 2014/15 only £500m and £800m respectively will be held back. This, together with the £250m in each year from the Communities and Local Government Departmental Expenditure Limit, will fund the New Homes Bonus in these years. Any surplus will be returned to local authorities pro-rata to their share of the start-up funding assessment. Estimates suggest that overall Darlington will be a net loser as a result of the NHB.

(e) Specific Grants

There are a small number of specific grants provided to Local Government that are not included in RSG, these are reducing as more are "rolled in" to RSG. Examples are:-

- (i) PFI grant - £3.2m
- (ii) Housing Benefit Subsidy - Admin Grant - £827,642
- (iii) Council Tax Support New Burdens Funding - £82,471

(f) Council Tax

Members will recall as part of the current MTFP, the Council pre-signalled annual increases of 3.5%, the maximum allowable under the Government's Council Tax limitation scheme for 2012/13. The Government has announced that for 2013/14 the limit is reduced to 2% and therefore a 3.5% increase cannot be achieved without holding a referendum, the cost of which would be approximately £100,000. Legislation states that should a Council wish to set an "excessive" increase it must set a budget with the excessive increase (e.g.

over 2%) and one with a 2% or lower increase and ask the public via the referendum to vote for which increase it wants. Legislation does not allow for a referendum on a multi-year increase so a referendum must be held each year.

The balance of expenditure and taxation levels is one of the key decisions Councillors are elected to undertake and Leading Members have been consulted on the preparation of this report and as a result a 2% increase is included in each of the years of the MTFP to ensure income is maximised and services protected as far as possible within the confines of the limitation scheme. The impact of annual increases of 2% rather than 3.5% is to reduce council income by £2.7m p.a. by 2016/17 compared with the existing MTFP. In preparing the proposals in the summer to meet the significant budget gap, Councillors may wish to reconsider the balance between expenditure on services and the level of Council Tax and give consideration to whether they wish to retain a Council Tax strategy that remains within the limitation scheme limits. Members are well aware that the Council has low Council Tax levels and attached at **Appendix 4** are comparisons with all North East Councils.

In proposing a Council Tax increase of 2% the Government's Council Tax Freeze Grant offer has been considered. The Government's proposal is that if Councils set a zero increase in 2013/14 they will receive a grant equivalent to a 1% increase in 2013/14 and 2014/15 although the impact of accepting this offer would be to reduce the Council's income by £200,000 in 2013/14 and 2014/15 and £600,000 every year, thereafter, compared to a 2% increase in 2013/14.

(g) Top Up or Tariff on Business Rates Collected

For each Council the following calculation is undertaken as at 1 April 2013.

Assessed Spending Need at 1 April 2013.

LESS

- (i) RSG prior to NHB top slice
- (ii) Estimated Council Tax collectable
- (iii) 49% of retained Business Rates

The result of the above is either a negative figure which means a Council is a top up Council and receives an annual RPI linked sum each year or if it is a positive figure a tariff Council then each year that Council must pay over the sum increased each year by RPI. Darlington is a top-up Authority as are all except one Council in the North East.

29. Set out in the table below are the estimates of each element of income compared with the equivalent level in 2012/13, the assumptions to produce the estimated income levels are set out in Appendix 1. As there has been a fundamental review of Local Government funding it is difficult to compare each funding stream element year on year, however the total figures show the overall level of funding reductions.

	Base Year for Funding System	Initial Settlement and Projections			
	2012/13 £m's	2013/14 £m's	2014/15 £m's	2015/16 £m's	2016/17 £m's

New Specific Grants					
Public Health	N/A	6.989	7.184	7.184	7.184

30. The above table demonstrates the continued reduction in Government funding. The reductions included for 2013/14 and 2014/15 are based on the figures included in the Local Government Finance Settlement and show a reduction of £9.498m (15.5%). 2015/16 and beyond are estimates based on projected national spending tables.

Comparison of Expenditure and Income

31. Set out below is the comparison of the detailed estimates based on current policy and service levels together with projected income levels based on the assumptions contained in Appendix 1:

	2013/14 £M's	2014/15 £M's	2015/16 £M's	2016/17 £M's
Expenditure (including Management Savings)	91.585	93.369	96.572	98.467
Income:				
Government Grants	(51.110)	(46.729)	(43.406)	(42.528)
Council Tax	(36.061)	(36.782)	(37.518)	(38.268)
Less Provisional HOW Savings	(1.500)	(3.000)	(3.000)	(3.000)
Projected Budget Gap	2.914	6.858	12.648	14.671

32. The table above demonstrates the significant scale of the financial challenge the Council faces over the period of the MTFP.
33. Detailed estimates by group are shown in **Appendix 6** with the overall MTFP in **Appendix 7**.

Revenue Balances

34. Revenue balances are available to cover on-going risks and to meet one off expenditure which includes bridging one-off budget gaps in particular financial years. The use of available revenue balances is an integral element of managing the Council's finances in the medium term. Each year an estimate is made of the financial risks carried by the Council and a proportion of reserves are set aside for that purpose. The calculation for 2013/14 is set out in **Appendix 8**. Taking the assessment into account and the detailed budgets for 2013/14 the following sets out the position on balances:

	£M's
Balances	
Projected at 1 April 2013	15.382
Less	
Risk Balances	6.820
Planned Usage 2013/14	2.914
Redundancy Reserve	1.500
Projected available Balance at 31 March 2014	4.148

35. The projected available balance at 31 March 2014 will be available to assist in addressing the revision to the MTFP undertaken in the summer.

Approach and Timescale to Address the Budget Gap

36. Members have agreed that major amendments to WHAT services are delivered will be developed in the coming months for consultation in the summer. Given the large scale of the reductions needed the following approach is recommended :-

- (a) Step One - Estimate the minimum provision the Council must deliver as set out in legislation.
- (b) Step Two - Compare the minimum provision with projected available income to calculate if there is a surplus or deficit.
- (c) Step Three - If there is a surplus consider which elements of service should be added to the minimum.
- (d) Step Four - Consider Council Tax Strategy in light of need/desire to deliver services; this could involve the consideration of a referendum.
- (e) Step Five – consultation a proposed MTFP for 2014/15 and beyond (within the overall process options for enhanced collaboration and mergers will need to be considered).

37. Members should not underestimate the scale of the challenge; initial "rough" work undertaken by officers would suggest that projected resources are not sufficient to fund the minimum level of service the Council must provide.

38. It is recommended that the delivery of Steps one and two are done via Cabinet Member led Budget Advisory Groups which will be open to all Members and the public, such an approach will ensure maximum ability to understand and challenge Council services in advance of what will undoubtedly be a set of very difficult decisions in Steps three and four.

39. To enable the Council to consult and implement proposals, Steps 1-4 above need to be completed by June 2013. Slippage beyond that date will impact on the ability to deliver savings within required timescales, therefore, endangering the financial viability of the Council.
40. In June 2013 the Council will be subject to a Peer Review as part of the newly established "Self-Regulation" regime. In consultation with leading Members, it has been agreed that the focus of this review should be the output from steps 1-4 above so that an external challenge is brought to the Council's proposals before consultation commences.

Medium Term Financial Plan - Capital

41. The first part of this report concentrates on the Revenue MTFP; the Council also has a Capital MTFP. Capital expenditure is significant, one off expenditure used to purchase or improve assets to enable the Council to deliver its priorities for example acquiring land to enable road improvements or investing in modernising school buildings and Housing. With regards to schools and transport the vast majority of funding for capital expenditure is received from Government, in the main to match national priorities such as Education and Transport whereas the Housing Programme is funded from the Housing Revenue Account. The allocation of the spending on these three priorities is subject to ongoing programmes and agreed outcomes, for example the Local Transport Plan. Set out below are details of the levels of Government funding available for 2013/14.

		2013/14 £000
	Children's Services	
1.	Basic Need*	1,371
2.	Capital Maintenance LA maintained*	634
3.	LCVAP for VA Schools*	224

42. **Appendix 5** sets out the proposed capital programme with regard to applying the resources allocated to the Council, the programmes include ongoing schemes for previous years. Set out in the following paragraphs is a narrative of the major

elements of the programme. Scheme specific approvals will be subject to detailed reports to Cabinet.

Children's Services

Basic Needs Funding

43. The Local Authority was allocated £2,417,374 Basic Need funding in 2011-12 to support the need for additional school places across the authority. Cabinet agreed the release of £27,800 of this funding in July 11 to enable feasibility work to be undertaken in considering the most appropriate schools in which to provide additional places. The feasibility work identified Mowden Infant and Junior School Federation for expansion and this was agreed by Cabinet in February 12. Work has recently commenced on site and the project will be complete in 2014.
44. For the 2012/13 period the local authority was allocated £1,371,000 to deliver further additional places. Officers have developed a School Organisation Plan to review the need for further places. The plan will be presented to Cabinet in March 2013.

Capital Maintenance funding

45. There has been a dramatic reduction in Capital Maintenance funding following the end of the Primary Capital Programme (PCP) and the number of schools converting to Academy status. This funding is for remaining Community Schools only and will be spent in line with key priorities identified through the locally agreed asset management planning (LAMP) process. Unlike PCP there are no strict spend deadlines. Small scale condition related projects are prioritised and completed as funding becomes available. Devolved formula capital (DFC) is a formula based grant provided to all maintained schools to help support the capital needs of their buildings. It is initially allocated to the LA on a formulaic basis, the LA then allocates the funding directly to schools. As a rule this funding should be invested in the priorities identified through the LAMP process.

LCVAP

46. Locally Co-Ordinated Voluntary Aided Programme (LCVAP) is coordinated by the LA in consultation with the Diocese of Hexham and Newcastle and the Dioceses of Durham and Newcastle. In Darlington any priorities generated from the LAMP process are shared with the Dioceses. The outline list of projects are submitted for the Department for Education's approval by the end of May each year. Once a project is approved the funding goes direct to the Diocese to be spent in the year it is allocated. Devolved Formula Capital funding for VA schools is paid directly to each Diocese, unlike LCVAP there is no requirement to seek approval from Department for Education. The LA is kept informed of works so that asset management plan information can be kept up to date.

Housing

47. The priorities identified through the Housing Business Plan to be funded from the estimated capital resources for 2013/14 include:-

- (a) Adaptations - the adaptations budget is to deliver adaptations within the Council's housing stock to enable tenants with a disability to remain in their own home and live independently across the Borough.
- (b) Heating Replacement - new condensing boiler and central heating upgrades will be completed. This work will predominantly be completed in: Cockerton East, Cockerton West, Haughton East, Heighington, Hurworth and Lingfield. There will also be some miscellaneous properties which will be included in the programme and we will be running a "just in time" programme of replacement for those boilers that fail before their due replacement date within the financial year.
- (c) Internal planned maintenance – to include replacement kitchens and bathrooms, rewiring of electrical systems and heating system upgrades where required. This work will predominantly be completed in:-Cockerton West, Haughton West, Heighington and Coniscliffe, Hurworth, Middleton St George, Park East, Sadberge and Whessoe. There will also be some miscellaneous properties which will be included in the programme and we will incorporate additions to the programme when void properties which have been omitted from previous year's programmes become available.
- (d) Energy Efficiency - £570,000 has been set aside to invest in a 2 year programme of energy efficiency programme that will focus on improving the efficiency of homes and reducing tenants' energy costs. The work will include replacement PVCu windows and the installation of composite doors to properties identified as the hardest to treat in relation to other basic retro fit measures. Priority will be given to properties in the Hundens area followed by Harrowgate Hill. Also included in work carried forward from 2012/13 in respect of wall insulation at Lascelles Park.
- (e) Structural Repairs - a small budget of £50,000 has been set aside to address any structural issues that may be identified within the year.
- (f) Smoke Detectors - £50,000 is required to replace existing hard wired smoke and heat detectors where systems are now 10 years old and reached the end of their recommended lifespan.
- (g) Roof Work - £400,000 is required commence a programme to replace aging and defective roofs. Properties will be selected based on current asset management data relating to their age, the material lifespan, condition surveys and the analysis of current disrepair and maintenance costs.
- (h) Lifeline Services - £80,000 is set aside to continue to provide upgrades to Lifeline equipment. There will also be investment to replace the existing telecommunications equipment to improve the level of service that can be provided to residents.
- (i) Garage Improvements - £75,000 will be invested in improvements to the Council's garage blocks in areas to be determined.
- (j) Repairs before Painting - £100,000 will be invested in joinery repair works in anticipation of the cyclical external painting programme in areas throughout the Borough.

- (k) External Works - £500,000 has been set aside for External Works including fencing replacement and external footpath improvements in areas to be confirmed throughout the Borough. The funds will also pay for the just in time replacement of rotten and defective external doors with new composite doors on a Borough wide basis.
- (l) Pavement Crossings - £25,000 has been identified to fund pavement crossings across the Borough.
- (m) Door Entry Systems - failing door entry systems to communal blocks will be replaced and upgraded at a cost of £30,000.
- (n) Communal Works - £50,000 will be spent on the upgrade and improvement of flooring and electrical systems to communal blocks of flats across the Borough.
- (o) DFG grants - will continue to be offered according to the mandatory limit of £30,000 plus the additional optional "Top up" Financial Assistance Loan of up to £10,000 as agreed by Cabinet in 2005. The total budget for mandatory DFG grants is yet to be confirmed by the Department of Communities and Local Government (CLG) but announcements have confirmed that the allocation for 2013/14 will be no less than the allocation in 2012/13.

Transport and Highways

48. The following works are proposed for delivery in 2013/14 subject to agreement by Cabinet in February 2013 on proposals for the Tees Valley Bus Network Improvement scheme, the Third Local Transport Plan and the Local Sustainable Transport Fund.

Major Scheme Bid

49. The TVBNI scheme proposals aim to tackle traffic congestion and improve reliability of bus services. The programme is now more than half way to completion, with two more years left to run. The scheme planned for implementation subject to Cabinet approval in February 2013 is for the delivery of a new junction between Parkgate, St. Cuthbert's Way and Stonebridge. This junction forms part of the work to facilitate the sustainable development of employment and housing land in the Town Centre Fringe. These schemes will be supported by measures to promote bus travel, for example the construction of raised bus platforms and dropped kerbs helping accessibility and the installation of bus shelters along core routes.

Local Transport Plan

50. The Council funds some of the annual highway maintenance programmes from the 3LTP and a list of schemes will be presented for Cabinet approval in February 2013. This programme includes reconstruction of roads, as well as resurfacing and general structural maintenance. As in previous years, the priorities for this work will be based on the annual condition survey data, possible schemes could include the resurfacing of phase 2 A68 West Auckland Rd (A1m to Swanhouse), phase 2 A167 Croft Rd, deep patch repairs for phase 2 C34a Lime Lane and also the carriageway reconstruction of phase 3 in Firthmoor. The bridge maintenance schemes are also identified from condition survey and a priority list will be put together. A programme of replacement street lights over 40 years old will continue with approximately 400 units replaced.

51. The funding for the Integrated Block has stayed the same as 2012/13 allocation and subject to Cabinet approval in February 2013 the main focus will primarily be on managing the network. Possible schemes could include the implementation of the network management plan and advanced design of the Town Centre regeneration. A constant review of road safety will take place. It is also proposed to carry out actions arising from the parking strategy. Out of the allocated funds a contribution towards the TVBNI scheme is required for a further three years.

Local Sustainable Transport Fund

52. One of the specific projects within the Council’s successful Local Sustainable Transport Fund (LSTF) bid is to encourage more walking and cycling and improve access to education. It is therefore proposed to implement some actions which will arise from the community audits, these works could included a series of dropped kerbs or extension to existing footpaths to enable better access for all. These works would draw upon the experience and knowledge of the Council from the Local Motion and Cycling Demonstration Town projects.

Council Funded Schemes

53. The Council can and has supplemented Government Capital Funding from its own resources such as capital receipts and prudential borrowing; however, in such challenging financial times the ability to fund from the Council’s resources is limited. The Council owns many buildings and assets that continue to need investment so provisions for such costs need to be made within the Council’s overall financial strategy.

54. Set out in the table below are details of the available capital resources after allowing for the capitalisation of highways expenditure highlighted earlier in this report.

	2013/14 £m's	2014/15 £m's	2015/16 £m's	2016/17 £m's	Total £m's
Guaranteed Resources	1.385	1.000	1.000	1.000	4.385
Potential Capital Receipts	1.000	4.000	0.600	-	5.600
	2.385	5.000	1.600	1.000	9.985

55. The above shows the Council potentially has between £4.385m and £9.985m resources available over the MTFP, at this stage only the 2013/14 potential capital receipts can be reasonably assumed due to the uncertainty around land sales, it would therefore only be prudent to include the utilise guaranteed resources from 2014/15 onwards in the capital MTFP. Included in the current MTFP was a proposal to repay debt with £4m of capital receipts, but due to the uncertainty around sales at the moment this has been deferred and the proposed saving included as a pressure.

56. There will be many competing priorities against the available resources including asset refurbishment and regeneration and the schemes will emerge in the coming months and years however at this stage Members are requested to make capital provisions available for two schemes which will be subject to full reports to Cabinet in due course there are :-

- (a) Central Park - £1.1m to facilitate the completion of projects.
- (b) Town Hall Customer Centre and ground floor redesign and refurbishment - £0.750m - The Customer Centre was originally opened in 2005 now needs extending due to increased demand and in particular to deal with increased volumes associated with the impacts of the welfare reforms and the localisation of the social fund. The extension will mean remodelling large parts of the ground floor therefore it is recommended that appropriate refurbishment works are undertaken. This approach has been taken already in three parts of the town hall over the past few years when converting the old nursery and print room to office accommodation and the changes to the second floor required to accommodate additional staff as part of the accommodation review. The accommodation review has achieved annual ongoing revenue savings of approximately £0.500m per annum.
- (c) This report has been prepared on the assumption that Cabinet agree to the sale of Stressholme Golf Course at its meeting on 19 February 2013 and the purchase of land at Blackwell Grange Golf Club (BGGC) and the surrender of a lease for land held by BGGC. The deal agreed requires the upfront payment of £1m by the Council and this capital expenditure will be funded by the removal of the deficit funding for Stressholme. The MTFP presented for approval includes revenue provision to cover the borrowing of £1m to fund the payment to BGGC

Consultation

- 57. The Efficiency and Resources Committee met on the 17 January 2013 to consider the draft MTFP. The draft minutes of the Efficiency and Resources Committee are shown in **Appendix 9** and are due to be considered by that committee on the 3 March. In summary all the draft recommendations were supported.
- 58. The Financial position has also been publicised in Darlington Together and on the Council's Website, however, there have been no challenges to the draft proposals.

Comments of the Director of Resources

- 59. As the Council's Statutory Chief Financial Officer I must advise Council on the robustness of the budget and adequacy of reserves. The budget presented to Members in this report has been based on the most accurate information available therefore I can be confident that they are an accurate reflection of the Council's financial position. General Reserves are adequate however the Council is carrying a very significant risk in terms of the need to reduce expenditure by 1 April 2014, it is essential that savings are delivered on time otherwise reserves will very quickly become inadequate next financial year.

Conclusion

- 60. The Council continues to face a very significant challenge, the extent of which is now clear following the finance settlement for 2013/14 (and 2014/15). The Council must respond quickly and develop plans to reduce spending to the level of predicted income.

MEDIUM-TERM FINANCIAL PLAN TASK AND FINISH REVIEW GROUP

15th January, 2013

PRESENT – Councillor Haszeldine (in the Chair); Councillors Carson, Curry, Francis, Johnson, and C. Taylor (6)

OFFICER IN ATTENDANCE – Elizabeth Davison, Assistant Director – Finance.

1. – DRAFT MEDIUM-TERM FINANCIAL PLAN – The Group met to consider a response to Cabinet, following its decision at its meeting held on 15 January 2013, to consult on the following proposals :-

- (i) a Council Tax increase of two per cent for 2013/14;
- (ii) the schedule of charges, as detailed in Appendix 3 of the Cabinet report;
- (iii) the use of £3.991 million of revenue balances;
- (iv) no changes to the agreed policy and service levels
- (v) the transfer of £1.5 million from revenue balances to the redundancy reserve; and
- (vi) the capitalisation of £1 million of expenditure currently included in the revenue budget for 2013/14 and 2014/15.

The Cabinet report which was available to Members, gave further information on the current financial position, the significant challenges faced and the approach and timescale to address the budget gap in future years. Discussion ensued on the schedule of charges and the level of subsidy for certain services and the need for this Group to undertake some further work into this and any changes to future policy and service levels.

IT WAS AGREED – (a) That the following views of this Task and Finish Review Group be forwarded to the special meeting of Cabinet to be held on 19th February, 2013 :-

(i) in relation to the proposed Council Tax increase, in light of the Council's current financial situation, this Group does not object to the proposed increase of two per cent for 2013/14;

(ii) in relation to the proposed schedule of charges, this Group does not object to the proposals for 2013/14, but will undertake some further work in relation to charges, particularly in relation to the subsidised services, when appropriate;

(iii) in relation to the proposed use of £3.991 million of revenue reserves, this Group reluctantly agrees to support this proposal;

(iv) in relation to the proposal to roll forward the current policy and service levels for 2013/14, this Group accepts the proposal, but will undertake some further work in

relation to any future proposed changes when appropriate;

(v) in relation the proposal to transfer of £1.5 million from revenue balances to the redundancy reserve, this Group reluctantly supports to the proposal; and

(v) in relation to the proposed capitalisation of £1 million of expenditure currently included in the revenue budget for 2013/14 and 2014/15, this Group supports the proposal.

(b) That the Efficiency and Resources Scrutiny Committee be requested to retrospectively approve the above views.
