No funding is given specifically to BME groups in the current year but there has been community grant given to these groups in the past and this should still happen through CDCF but increased strategic focus should include cohesion and equality issues. (see feedback from 16th November event)

Our communities are safe and free of crime	1	Small negative impact		Young people may have less activities to do such as cubs and scouts and this may increase fear of crime at least if they are congregating in groups.
Darlington is an ambitious, entrepreneurial place in which businesses thrive and create wealth	1	Small negative impact		Will increase financial pressures on some third sector organisations that we want to undertake new work.
