

## Children's Proposals:

The budget proposals have been subject to a high level, whole population assessment of impacts. This assessment has highlighted the high impacts relating to the Sustainable Community Strategy, Finance and vulnerable groups. Type 2 Disability Equality Impact Assessments are required as follows for each of the proposals: -

- LEA Residual Functions - Educational Psychology
- SEN
- Early Intervention and Prevention Services - Young Carers
- Early Years Inclusion Service- whole proposal
- Library Services - whole proposal.

The DEIAs are being progressed with intensive sessions with service managers to analyse how the new structures for service delivery may impact on disabled people and then discussed with service users, disabled people and representative organisations.
