MAIN REPORT

Work Programme

5. For Members information, it has been previously agreed that a number of topics be included on the Work Programme of the Health and Partnerships Scrutiny Committee and Quad of Aims have previously been approved. The status of each of those items is detailed in **Appendix 1**.
6. A key role of Scrutiny is to ensure that the programme is able to deliver the service improvement and the budget savings necessary and Members need to take this into account when considering their Work Programmes and ensure that any work focuses on delivering outcomes rather than service delivery.

Quad of Aims

7. If Members wish to add any topics to this Work Programme, a Quad of Aims will need to be developed and submitted prior to the item being brought to Scrutiny Committee, to ensure that it does contribute to the strategic aims of the Council.

Forward Plan

8. Members are also requested to consider Cabinet's Forward Plan, which is available on the Council's website, to assist in determining any further items which they might wish to include on their work programme, and if so, complete the necessary documentation.
