Comments Received	<i>Due to the revised net capacity assessment carried out over the summer please reduce our admission limit number to 38. This is at the top of the range produced by the net capacity. In addition can the new net capacity assessment be used as evidence in a change of the schools capacity to warrant changing the admission number to 38 for the 2011/12 academic year?</i>
LA Response	The school is currently undergoing further remodeling which will be completed in September 2011. At this stage the net capacity would indicate an admission number of 38 but this would have to be reassessed once the work had been completed. The LA is in agreement that the admission number should reduce to 38 in 2012/13 with the proviso that it may increase once a revised capacity is undertaken. It is however does not agree that the admission number be reduced for 2011/12 for the reasons stated above.
Recommendation	Approve a reduction to 38
