SUMMARY REPORT

Purpose of the Report

1. This report gives an update on the current position on former Housing tenant arrears, Housing Benefit overpayments, Non-Domestic Rates and Council Tax, and seeks approval to write-off debts of £889,200.

Summary

2. Approval is being sought to write-off £120,561 of former tenant rent arrears in respect of 92 individual cases where arrears exceed £500, for the financial year 2014/15. All reasonable recovery action has been taken and no further economically viable steps can be taken to recover the sums due. This sum represents 0.49% of the annual rent debit of £24,468,801.
3. Approval is also being sought to write-off £99,499 of Housing Benefit overpayments in respect of individual cases exceeding £500 for the financial year 2014/15, where it has become apparent that no further steps can be taken to recover the sums due. This sum represents 0.37% of the total Housing Benefit expenditure for 2014/15 of £38.4 million.
4. Approval is also being sought to write-off £669,140 of Non-Domestic Rates and Council Tax in respect of individual cases exceeding £500 for the financial year 2014/15, where it has become apparent that no further steps can be taken to recover the sums due. This sum represents 0.82% of the total debit raised for 2014/15 of £81.3 million.

Recommendation

5. It is recommended that a total amount of £120,561 of former housing tenant arrears, £99,499 of Housing Benefit overpayments and £669,140 of Non-Domestic Rates and Council Tax be written off subject to steps for recovery being taken,

wherever possible, if and when contact is made.

Reasons

6. The recommendation is supported as regular arrangements for writing off debts are in accordance with best practice for good financial management.

Information and Analysis

Former Housing Tenant Arrears

8. Applicants who apply for housing with former tenancy debts will be considered objectively. The Choice Based Lettings policy states that applicants with housing related debts exceeding £1,500 will be ineligible for housing, unless there are any current mitigating circumstances. Applicants with housing related debts under £1,500 will be overlooked initially but can be re-housed in accordance with the criteria detailed in table 2 below.

9. Housing Services has a dedicated Income Management team, in order to ensure that appropriate resources are available to maximise all income streams. An officer, dedicated to the collection of former tenant arrears, carries out home visits to help recover outstanding debt.
10. Housing Services carry out pre termination visits and set in place arrangements to clear any outstanding arrears or debt. Officers actively work in partnership with our key partners and external agencies offering financial advice and assistance to all customers.
11. Housing Officers have also provided appropriate training scripting and support to front line staff to assist them in:
 - (a) Triaging calls
 - (b) Providing good quality, relevant advice and support
 - (c) Providing appropriate signposting services
12. Payment terminals are available in the Customer Services Centre. This enables Officers to take cash or card payment in person. This facility is used for both current and former tenant arrears. Officers can also take card payments on line when the tenant contacts the service.
13. The sum of £25,834 has also been written off under delegated powers, for a total of 235 cases, where arrears were below £500.

Housing Benefit Overpayments

14. Table 3 below is a schedule of Housing Benefit overpayments recommended for write-off:

15. **Table 3 – Proposed Housing Benefit overpayments to be written-off (individual cases exceeding £500)**

Total	67	£99,499

***Other reason** will be aged debts where all reasonable steps to recover the amounts have been taken, but it is no longer financially viable to proceed further.

16. For information, the Housing Benefit overpayments written-off that were under £500 are 365 debts totalling £42,452.
17. Housing Benefit is paid to many thousands of claimants and landlords each year through the Housing Benefit scheme. Whilst every effort is made to minimise overpayments, due to the very nature of the scheme some overpayments will occur.
18. Overpayments can be caused by:
- A failure of the claimant or landlord to report a change of circumstance, which may affect the level of entitlement to benefit, or
 - Incorrect information being supplied, or
 - Errors made by the local authority, or
 - Errors made by the Department for Works and Pensions (DWP) and by Her Majesty's Revenues and Customs (HMRC).
19. Depending upon how the overpayment occurs will determine whether or not it can be recovered or must be written-off as irrecoverable.
20. In respect of recoverable overpayments, these may be recovered by:
- Raising an invoice, or
 - Deductions from ongoing benefit entitlement, or
 - Recovery from the landlord's scheduled payment, or
 - Deductions from certain social security benefits payable to the claimant in certain circumstances, or
 - Deductions from earnings for people in work.
21. In respect of invoiced debts, during the course of recovery procedures, it may be found that an individual cannot be located, has been made bankrupt, or an appeal has been successful. Where appropriate, the Revenues and Benefits Section will make every attempt to trace individuals by enquiries through other departments of

the Council, and if necessary via tracing agencies and the Council's bailiffs. Only when all avenues of recovery have been exhausted, will the overpayment be considered for write-off.

22. Table 4 provides details of the total amounts of Housing Benefit written-off when compared to the total of Housing Benefit paid and overpayments generated.

Table 4: Housing Benefit paid compared to overpayments in 2014/15

Total benefit paid (£,000)	Total over-payments created (£,000)	Total over-payments written-off (£,000)	Write-offs as a % of total benefits paid	Write-offs as a % of over-payments created
£38,434	£1,342	£142	0.37%	10.58%

23. The total amount of Housing Benefit overpayments recovered in 2014/15 was £991,571 compared to £799,655 in 2013/14 (a 24% increase).

Non-Domestic Rates and Council Tax

24. In 2014/15 the Council collected 95.2% of Council Tax due in that year, which is the same collection rate as 2013/14. In-year collection of Non-Domestic Rates was 98.0% during 2014/15, compared to 97.0% in 2013/14. The collection of both Council Tax and Non-Domestic Rates continues to be a challenge for the Council during these financially difficult times.
25. In April 2013, the Council created a new Council Tax Support (CTS) scheme replacing Council Tax Benefit, which was abolished by the DWP. This means that all working aged recipients of CTS have to pay a minimum of 20% of their Council Tax. In 2014/15 the total Council Tax liability for people in receipt of CTS was £2,408,168 of which £1,902,687 was collected during 2014/15 (or 79.0%).
26. The majority of Council Tax and Non-Domestic Rates accounts are paid following receipt of the bill without any recovery action having to be taken. Reminders and recovery action significantly increases the amount of Council Tax and Non-Domestic Rates that are collected. Before a debt is considered irrecoverable and recommended for write-off the following recovery procedures are applied:
- (a) During the course of billing and recovery procedures it may become apparent that an individual has absconded or been declared bankrupt, or in the case of a company that it has ceased trading and winding-up procedures commenced. In these circumstances, the Revenues and Benefits section will try to find absconders or submit claims to receivers/liquidators. Enquiries are made through other departments and, if appropriate, at the properties concerned. Supplementary procedures involve contacts with solicitors, estate agents, landlords, the DWP, other Councils and tracing agents.
 - (b) Furthermore, if in the course of the distress process the Council's contracted enforcement agents find a debtor has absconded, they will make their own

enquiries to trace the person concerned.

27. As at March 2015, the total outstanding Council Tax (excluding costs) stood at £4.976 million (over 8,000 individual debtors). Three dedicated Recovery Officers specifically undertake the recovery of these debts. In 2014/15, £1,271,644 of Council Tax arrears from previous years was collected compared to £994,927 collected in 2013/14 (a 27.8% increase). However, some of the older outstanding debts have been identified for write-off.
28. As at March 2015, the total outstanding Non-Domestic Rates (excluding costs) stood at £1.335 million (over 250 individual debtors).
29. Table 5 is a schedule of debts recommended for write-off:

30. Members should be aware that, from the same period and in accordance with Financial Procedure Rule 9(e), the following debts have been authorised for write-off in respect of sums of less than £500, where all practical steps have been taken:

Financial Implications

31. Financial regulations require authorities to make an annual assessment of the extent to which any money owed to the Council is likely to prove irrecoverable and to make adequate provision in their accounts. The financial implications of writing off the proposed former tenants arrears debt of £120,561 has therefore, already been taken into account in the Housing Revenue Account.
32. In respect of Housing Benefit overpayments, the DWP has recognised that in a system as complex as the Housing Benefit scheme, errors will occur. The DWP provide incentives for local authorities to minimise the number of these errors. As a result, local authorities receive subsidy depending on the type of overpayment.
33. Local authority error overpayments are subsidised at 100% providing we remain below the error threshold of 0.48% of total expenditure. For 2014/15 the error level was 0.27%; therefore these overpayments will be fully subsidised by the DWP. All other eligible overpayments due to tenant or landlord error are funded at 40% subsidy, most of which are then successfully recovered. There will be no financial impact on the Council's current revenue budget as provisions have been made in the previous year.
34. Up to March 2013, provision for bad and doubtful Non-Domestic Rates debt was financed through the national pooling arrangements. From April 2013, following the introduction of the Rates Retention scheme, the Council has become liable for its

proportion (51%) of the bad and doubtful debts with the remainder being shared between Central Government, Durham and Darlington Fire Authority and Durham Police Authority. This has been allowed for in the Council's accounts. Provision for bad and doubtful Council Tax debt has already been made in the Council's accounts so that the write-offs as recommended have no additional financial impact on the Council.

35. For comparison purposes, the net amounts of debit raised during 2014/15 (excluding costs) for Non-Domestic Rates and Council Tax were £34.862 million and £46.435 million respectively. The total amounts recommended to be written-off represent 1.58% of Non-Domestic Rates and 0.49% of Council Tax.
36. Despite the ongoing economic conditions, high collection levels remain. Local Tax collection is critically important to provide the Council with an increasingly large part of the resources that it needs to provide essential services to residents and businesses and must, therefore remain a very high priority.
