It was also emphasised that the work programme was a rolling programme and any Member of this Scrutiny could request an item to be included provided that a Quad of Aims had been submitted to the Scrutiny Committee prior to ensure that it contributed to the strategic aims of the Council.

The submitted report outlined the original Work Programme and requested Members to reconsider the Work Programme to accommodate further issues that need to be included.

Discussion ensued on the addition of Performance Indicators within service levels for Place Scrutiny and members raised concerns at the range of the Committee's remit, the progress being made by the Refuse Collection Review Group, a report on Carbon Management Programme being submitted to this Committee in June, and the need for both an inaugural meeting of the Town's Markets Review Group and a Special Meeting to discuss the Local Plan.

The draft strategy would be presented to Cabinet on 4th June 2013 followed by further consultation and adoption in Autumn 2013.

Committee were advised that an up to date strategy, a key input to the emerging Local Plan, was required to address all aspects of parking in Darlington but with a focus on maintaining the vitality of the town centre. Members gave consideration to various aspects of the Strategy including parking supply and charges, payment methods, security and safety, residents parking zones (RPZ's), disabled parking, traffic management and district centres.
