
IMPROVEMENTS TO HONEYPOT LANE CARAVAN SITE

**Responsible Cabinet Member(s) - Councillor Chris McEwan,
Community Protection Portfolio**

Responsible Director(s) - John Buxton, Director of Development and Environment

Purpose of Report

1. To report on the allocation of grant from the Office of the Deputy Prime Minister (ODPM) and to authorise the release of the funding.

Background

2. The Council was successful in a bid for 2003/04 for the improvement of 14 amenity blocks and a transit site at Honeypot Lane Caravan site. A bid was made to the ODPM for further funding for 2004/05 to supplement the works currently in progress. This has been successful and funding needs to be released and arrangements made for the works to be carried out.
3. The ODPM have approved a grant of £312,210.86. The works involve the provision of amenity blocks to the remaining pitches.
4. The Council selected a contractor in 2003/04 to carry out the works following tender and the contractor is currently on-site completing the works. There are advantages in seeking to negotiate this work with the existing contractor:
 - (a) He is already on-site, would be able to use his facilities, equipment and employees which should ensure value for money.
 - (b) There would be officer time saved in the tendering process.
 - (c) The work could begin immediately and ensure that the work is completed in the time period.
 - (d) The contractor is familiar with the site and the construction details.
 - (e) The current contractor has performed well and is meeting contract specifications.
 - (f) Officers have been in contact with the ODPM and they are agreeable to negotiation as the original contract was subject to competitive tender.

Outcome of Consultation

5. Discussions have been held with the Lessee of the site, Darlington Primary Care Trust, Darlington Sure Start, travellers on the site and various officers concerned with travellers. All support the works to improve conditions for travellers.
