
DRAFT SUSTAINABILITY AND TRANSFORMATION PLAN

SUMMARY REPORT

Purpose of the Report

1. To discuss the service and governance implications for Darlington of the draft Sustainability and Transformation Plan 2016-21 for Darlington, Durham Dales, Easington and Sedgfield, Hambleton, Richmondshire and Whitby, Hartlepool and Stockton-on-Tees and South Tees. A presentation will also be delivered at the meeting.

Summary

2. The attached draft Sustainability and Transformation Plan (**Appendix 1**) describes the local 'footprint' response to the challenges identified in the NHS England Five Year Forward View 2014.
3. The plan describes our ambition for the future and focuses on four areas of improvement including Preventing ill health and increasing self-care; Health and care communities and neighbourhoods; Quality of care in our hospitals; and the Use of technology in health care.
4. Whilst the plan encourages an approach to improvement across a large geography where services span a broader population base, it is also consistent with and supports the local engagement and development work currently taking place as part of the Darlington Vision and Blueprint.

Recommendation

5. It is recommended that :-
 - (a) Health and Partnerships Scrutiny Committee receive the report.
 - (b) Health and Partnerships Scrutiny Committee provide feedback on the content of the plan.

Ali Wilson,
Chief Officer, NHS Darlington CCG

Background Papers

NHS Five year Forward View 2014
