MAIN REPORT

Background

6. The Accounts and Audit (England) Regulations 2011 require councils to review the effectiveness of their system of internal control and internal audit once a year and for the findings of the reviews to be considered by a committee of the Council.
7. The findings of the reviews underpin the Annual Governance Statement to accompany the Statement of Accounts for 2012/13.

Information and Analysis

8. This section covers the following issues:
 - (a) The system of internal control;
 - (b) The approach taken to the review;
 - (c) What the review covers; and
 - (d) Evidence sources relied upon:
 - (i) System of internal control – reports to members flowing from the Council's Framework of Assurance 2012/13;
 - (ii) Code of Practice for Internal Audit in Local Government;
 - (iii) Assessing the Effectiveness of the Audit Committee;
 - (iv) Lloyd's Register Quality Assessment;
 - (v) Audit Services Annual Report 2012/13.

The System of Internal Control

9. The system of internal control is based upon an ongoing process designed to satisfy the Council that the risks to its objectives and the risks inherent in undertaking its work, have been properly identified and are being managed by controls that are adequately designed and effective in operation.
10. The Council's system of internal control or framework of assurance comprises a variety of sources and not only the internal audit service and has been documented at **Appendix 1**. The framework identifies key risks, the assurance provider, sources of assurance, links to the Internal Audit Work Plan and the reporting regime to members.

The approach taken to the review

11. The approach adopted for undertaking the review is similar to that carried out in previous years. This approach was perceived to have been reasonably robust, worked well and stood scrutiny. It consists of an officer group independent of the internal audit function being charged to conduct the review.
12. John Bosson, Strategy and Performance Manager, from the Place Group led the review supported by Pauline Mitchell, Assistant Director for Housing and Building Services, and Bill Westland, the Head of Regulatory Services.

What the review covers

13. The review examined outputs from the assurance framework established, adherence to the CIPFA Code of Practice for Internal Audit in Local Government; and positive responses to the checklist on measuring the Effectiveness of the Audit Committee contained in the CIPFA publication 'Audit Committees – Practical Guidance for Local Authorities'.

Evidence sources used

System of Internal Control – Framework of Assurance

14. The Framework of Assurance documented by the Head of Corporate Assurance is set out in **Appendix 1**. The review examined supporting documentation that provided assurance on the management of each risk area of the framework i.e. reports to members etc. and concluded that adequate assurance is referenced with no omissions or cause for concern identified.

The Code of Practice for Internal Audit in Local Government in the UK 2006

15. A detailed self-assessment checklist completed by the Head of Corporate Assurance against the Code of Practice is set out in **Appendix 2**. Hyperlinks where appropriate are listed to support evidence. Following a review of the self-assessment and discussions with the Head of Corporate Assurance, it is

concluded that the self-assessment is factual and materially complies with the Code.

Assessing the Effectiveness of the Audit Committee

16. A self-assessment checklist from the CIPFA document *Audit Committees – practical guidance for local authorities* was completed by the Head of Corporate Assurance -**Appendix 3**. Hyperlinks where appropriate are attached to support evidence that the authority complies with the guidance.

Lloyd's Register Quality Assurance Report

17. A surveillance visit by Lloyds Register Quality Assurance verified that Darlington Borough Council's Audit Services continued to meet the requirements of the ISO 9001:2008 International Quality Standard. The visit took place during May 2012. The Quality System operated was shown to be well managed and effective in supporting the Audit team in delivery of their objectives and no major findings were identified. The assessors report is appended at **Appendix 4**.

Audit Services Annual Report 2012/13

18. The June Audit Committee is also presented with Audit Services' Annual Report 2012/13. Along with the other documents, this report was considered as part of evaluating the effectiveness of the system of internal control as well as the effectiveness of internal audit. Pertinent to this review are the following key points:
 - (a) Confirmation by the Head of Corporate Assurance that overall the Council continues to operate within a control environment that is generally sound and that this opinion is consistent with the outcomes from the broader assurance framework as documented in **Appendix 1**.
 - (b) Actual chargeable time in total during the year was slightly higher than that planned. The increase of 14 person days resulted from less sickness than estimated.
 - (c) Variations to the audit assignment element of the plan were discussed at the Audit Committee during the year and the range of activity undertaken on consultancy work and contingency tasks were agreed with Directors.
 - (d) 40 out of 43 planned audit assignments were completed (93%).
 - (e) The Internal Audit team also actively support corporate improvement activity e.g. the transformation agenda.
 - (f) Internal Audit is a lead contributor to the Annual Governance Statement.
19. A full schedule of the Section's performance indicators detailing the outturn for 2012/13 is appended at **Appendix 5**. All operational targets were met or exceeded

with the exception of audit assignments completed within 10% of the planned time allocated where an outturn of 88% was attained against a target of 92%, explained by an increase in the scope of audit work on particular audits agreed with management.

20. Internal and external stakeholder opinions on Audit Services have been canvassed and have proved positive with contributors prepared to restate:

“We consider that the Council’s Internal Audit function continues to operate in accordance with the CIPFA Code of Practice for Internal Audit in Local Government and we are able to place reliance on its work in relation to the key financial system controls.”

Price Waterhouse Coopers

“I consider Audit Services to be a well regarded and respected function across the Council that assists me in fulfilling my statutory role as Chief Financial Officer.”

Director of Resources

Conclusion

21. The review team consider that the Council has an effective system of internal control and internal audit. The review team agreed that the self-assessments appended are factual, essentially satisfy all the key requirements and taken together with evidence produced from the assurance framework and those provided from external quality assessments and stakeholder opinion, support the opinion given.

Outcome of Consultation

22. There was no formal consultation undertaken in production of this report.
