**ETHICAL GOVERNANCE AND MEMBER STANDARDS – UPDATE REPORT**

---

**SUMMARY REPORT**

**Purpose of the Report**

1. To update members on issues relevant to Member Standards and ethical governance.

**Summary**

2. The report gives update information about issues relevant to member standards since matters were reported to the Committee in December last year.
3. Set out in the report are a number of datasets of ethical indicators to assist in monitoring the ethical health of the Council. By reviewing the indicators set out below it is hoped to be able to identify any unusual or significant changes in the volume of data recorded for the relevant period that might provide an alert to any deterioration in the ethical health of the authority.
4. There are no particular issues of concern that have been identified

**Recommendation**

5. Members are asked to note the information presented and to comment as appropriate

**Reason**

6. By having information of this nature it is believed that the Audit Committee will be able to get a better picture of the ethical health of the authority.

## **MAIN REPORT**

### **Overview**

7. On the 20 March 2014 Council considered a report about a review of member standards and agreed, amongst other matters, that the Audit Committee is given additional responsibility for ethical values as part of its remit and that a review of member conduct is reported to Council annually. It has been agreed that a report will be taken to the Audit Committee twice a year to provide Members with information.
8. This report gives an update on the current position relating to member standards.
9. More general Information is also provided on matters relating to member standards and ethical governance to help in giving Members of this Committee information on the ethical health of the authority.

### **The Local Government elections**

10. Since the last report, of particular significance, is the May local government elections. As well as re-elected members there are a number of new members serving as councillors for the first time. Training sessions about the Code of Conduct were held on 20 and 27 May 2015 for all members of the Council and a further session is planned for 2 July. Two sessions about the Code of Conduct were held for parish council members on 29 May 2015.
11. All Borough Council members receive a pack of information on election, including the code of conduct and the register of interests forms. Parish Council have been emailed or written to (dependent on the records we hold) with copies of the register of interest forms, and declaration of acceptance of office forms. All of the register of interest forms, both for Borough Council Members and parish council members are

in the process of being typed up and uploaded onto the website.

## Complaints Update

12. The table below shows a summary of the volume of complaints received by the Council against members, and the category of member complained about.

Year	Complaints (Total)	Parish Councillor	Borough Councillor	Borough Councillor	
				Executive	Non Executive
2002/3	4	0	4	0	4
2003/4	8	0	8	4	4
2004/5	0	0	0	0	0
2005/6	3	0	3	3	0
2006/7	1	0	1	1	0
2007/8	13	10	3	3	0
2008/9	15	8	7	4	3
2009/10	10	3	7	0	7
2010/11	4	1	3	1	2
2011/12	9	0	9	3	6
2012/13	2	1	1	0	1
2013/14	10	5	5	1	4
2014/15	8	0	8	4	4

13. The average annual number of complaints in the period from when the ethical framework was introduced by the Local Government Act 2000 and the commencement of local assessment (May 2002 – April 2008) has been about 5 per year (4.8).
14. The average annual number of complaints in the period from when the local assessment of complaints was introduced (May 2008) until April 2015 has been about 8.3 per year.
15. Interpreting the information needs to be approached with some caution. In 2008 to 2009 a significant factor was a large number of complaints emanating from one parish council which has impacted on the yearly figures for that period and also the average numbers of complaints received. There were particular local circumstances that accounted for the rise.
16. Over the period from 2002/3 to 2014/15 there have been 28 complaints made in respect of Parish Councillors and for the same period 59 complaints relating to Borough Councillors. The fact that there are more complaints in respect of Borough Council members is perhaps unsurprising given the types of decisions they are involved in making and the more prominent role that they play compared to parish councillors.

17. Although there are obvious differences in the years, and with the exception of 2008 and 2009 (which is explained above) there is nothing of particular concern that is highlighted by figures.
18. Considering the categories of complaint that have been received in the period since 2002. From the table below what emerges is that a significant number of complaints are about the way that members treat other people and that, in fact, complaints over interests are less common.

Categories of complaint (where identifiable)	May 2002 – April 2015
Failure to treat with respect	28
Disrepute (bringing office or authority into).	16
Used position to advantage/disadvantage others.	11
Failure to declare interest	12
Disclosure of Confidential Information.	6
Bullying and intimidation	16
Use of resources	6
Compromising impartiality of officers	1

### **Ethical Indicators**

19. Set out below (in conjunction with details about the complaints made against members) are a number of datasets of ethical indicators to assist in monitoring the ethical health of the Council. By reviewing the indicators set out below it is hoped to be able to identify any unusual or significant changes in the volume of data recorded for the relevant period that might provide an alert to any deterioration in the ethical health of the authority.
20. Any unusual changes in volumes are highlighted with a star (\*) and the explanation given.

## **Corporate Complaints**

### **Overview details**

<b>Financial year</b>	<b>Total Complaints received</b>
<b>2009/10</b>	532
<b>2010/11</b>	330*
<b>2011/12</b>	429**
<b>2012/13</b>	383***
<b>2013/14</b>	672****
<b>2014/15</b>	757*****

\* The reduction in the number of complaints received is, in part, attributed to the organisational learning resulting from complaints being handled effectively and in line with the procedure. This has resulted in a reduction in individuals having to contact the Council regarding the same issue(s).

\*\* The increase in the number of complaints received was anticipated in light of the increased pressure on Council services in the current financial climate.

\*\*\*While there was a decrease in the number of complaints received compared to the previous year the Council still received more complaints than it did in 2010/11.

\*\*\*\* This increase in complaints can be attributed primarily to problems people experienced with their refuse collection, following the introduction in wheeled bins.

\*\*\*\*\* This increase in complaints can be attributed primarily to problems people experienced with their refuse and recycling collections, following the introduction of alternate weekly collections.
