## MAIN REPORT

### Information and Analysis

5. Annual MAS are a key element of the Council's corporate governance arrangements and an integral part of the framework that supports the production of the Annual Governance Statement (AGS).
6. MAS have been formally completed for a number of years and this Committee has previously received reports on the outcomes that depicted a largely positive position.
7. The MAS takes the form of a standard template covering the key aspects of the Council's internal control environment on which assurance is required. This coverage is wide ranging and includes risk and financial management, health and safety, information governance and HR arrangements etc. In providing this assurance the MAS also states that *'the system of internal controls is designed to manage rather than eliminate the risk of failure to achieve objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness'*.
8. The outcomes from the MAS are considered by the AGS Management Group for significant issues that merit reference in the AGS.
9. Statements have been completed by all Assistant Directors, endorsed by the appropriate Director, covering their areas of responsibility in 2016/17. They are published on the intranet at:
