Secondary schools

Key Findings

Actions

- Feedback to individual schools through a **Team Around the School (TAS)** Action Plan
- Schools to implement plans around the issues that have been highlighted in time for new term in September 2016.
- Review the questions to be included in the 2017_survey
- Engage with wider stakeholders including Trading Standards, Environmental Health and providers of Children's Services and ensure that all resources are utilised and messages are consistent.
- Further primary settings have expressed an interest in participating in 2017 survey.
