
OVERVIEW OF EFFICIENCY AND RESOURCES SCRUTINY COMMITTEE

1. Since the last meeting of the Council, the following are the main areas of work the Efficiency and Resources Scrutiny Committee has undertaken.

Revenue Budget Monitoring 2017/18 – Quarter 1 and Performance Indicators 2017/18

2. At our meeting held on 13 July 2017, we considered the revenue budget 2017/18 quarter 1 monitoring report, the 2016/17 revenue outturn report and a report, proposing a number of performance indicators, based on the main corporate priorities of the Council, which our Scrutiny Committee could monitor during 2017/18. As the meeting had not taken place at the time of the Council agenda dispatch, I will give a verbal update to Council on all of these items.

Councillor Ian Haszeldine
Chair Efficiency and Resources Scrutiny Committee
