

CHILDREN AND YOUNG PEOPLE SCRUTINY COMMITTEE

2nd November 2020

PERFORMANCE INDICATORS Q1 2020/21

Purpose of the Report

1. To provide Members with an update on performance against key performance indicators.

Summary

2. This report provides Quarter 1 (April – June) 2020/21 performance information in line with an indicator set agreed by Monitoring and Coordination Group on 2 July 2018, and subsequently by Scrutiny Committee Chairs.
3. It is suggested monitoring focuses on issues and exceptions, and relevant Assistant Directors will be in attendance at the meeting to respond to queries raised by the committee regarding the performance information contained within this report.
4. Where indicators are reported annually, quarterly updates will not be available.

Where are we performing well?

5. 16.7% of re-referrals were repeated within 12 months, better than the target of 18%.
6. 89.7% of Initial Child Protection Conferences (ICPC) were held within 15 working days from the Strategy meeting being held/Section 47 being initiated, which remains higher than our statistical neighbour, regional and national average benchmarks.
7. 100% of children with a Child Protection Plan and 100% of Children Looked After have an allocated social worker.
8. 93.6% of children received a statutory Child Protection (CP) visit during Q1 2020/21 within 10 working days. This is above the target of 90% and an improvement on the timeliness of visits when compared with the same period last year (81.9%).
9. 94.3% of statutory children in care visits were completed within timescale.
10. 6.5% (19/291) of Children in Care (CiC), as at June 2020, have had 3 or more placements within the previous 12 months. This is below the internal target (10%), national (10%), statistical neighbour (9.2%) and regional averages (9%) and an improvement on the 13.0% as at June 2019.
11. 29.6% of Care Leavers were not in employment, education or training (NEET) and 100% were in suitable accommodation.

Where do we need to improve?

12. 79.8% of referrals were screened and completed within 1 day, below the target of 90%.
13. Timeliness of assessments is 74.7% which is below the target of 90%, reasons for this are analysed and monitored by the Head of Service.
14. The number of children in care has increased to 291, this continues to be closely managed. However, delays in children ceasing care have occurred during the period due to closure of courts in response to government guidance regarding the Covid-19 pandemic, which has kept the number high.
15. 69.9% (51/73) of children due a review health assessment in Q1 2020/21 had one completed, which is an improvement on the 60.4% at the end of June 2019.
16. As a result of dental surgery closures during lockdown, 4.3% of children in care that were due a dental check assessment have had one completed.

Recommendation

17. It is recommended:
 - a) That performance information provided in this report is reviewed and noted, and relevant queries raised with the appropriate Assistant Director.
