1	It needs to reflect the religious communities in Darlington at this present time as well as taking account of the wider world. The current syllabus reflects Darlington religious communities at the time when it was written - at least 5 years ago. We need assessment built into the syllabus that is easy to use, individual schools shouldn't have to devise their own system.	3/25/2021 9:05 AM
2	Units of work for all year groups for all terms. Also more resources to be provided as in many cases they are considerably lacking. Many of the units need to be supplemented or written by teachers themselves.	3/19/2021 2:27 PM
3	More SMSC and British Values links	3/18/2021 4:12 PM
4	At secondary level all that is required is a list of outcomes to meet- similar to the National Curriculum in other subjects. All Heads of RS in Darlington secondary schools are subject specialists- we need the autonomy to plan curriculums which meet the needs of our students.	3/18/2021 3:49 PM
5	A more balanced range of religions e.g. 1 1/2 terms on one religion is quite a lot to consider planning for without overlap to different year groups. More questions that can be used as examples to plan lessons from.	3/18/2021 2:22 PM
6	When we have used guest speakers from different faiths they have said that the syllabus	3/18/2021 12:30 PM

doesn't reflect modern day practises and tends to represent a one-size fits all

1	An RE network would be very useful. In Darlington you always feel like you are on your own in your individual school doing what you think is right. There is no sharing of good practice or collaborative work and no support from anywhere. Visits and speakers are difficult due to the sensitive nature of the subject so to have LA approved links would be very reassuring for my SLT.	3/25/2021 9:05 AM
2	Focus on transition and fluidity from KS2 to KS3. more network meetings for KS2-3 teachers to liaise	3/19/2021 9:21 AM

1	As a Primary School we would benefit greatly from training and support to organise religious visits and speakers to come into school.	4/13/2021 4:13 PM
2	I have said an online version is best but it is always good to have at least one paper copy per school as well.	3/25/2021 9:05 AM
3	More specific guidance would be beneficial, other than just key question. It would be of helpful to include key vocabulary that needs to be covered for each religion, key objectives broken down into steps and into the correct order for teaching and significant religions festivals/ celebrations important to cover across school.	3/22/2021 3:45 PM
4	I would like to see the whole RE scheme focus on how religion is relevant to our lives today and how religious views influence actions. Linking RE to topics would be more beneficial to teaching RE in the primary school.	3/19/2021 3:37 PM
5	We have designed our own RE curriculum using elements of the Darlington Syllabus. We felt our pupils were not retaining the knowledge about each religion as they were not revisiting them frequently enough. Our new curriculum allows pupils to build on what they have learnt in previous units/years.	3/18/2021 4:16 PM
6	I think that the needs of primary schools and secondary schools are very different. At the Secondary Network meeting we all agreed that we would prefer to write our own contributions for the secondary curriculum and not have it prescribed to us. There is a lot of work in secondaries about planning our curriculum and we are all subject specialists- we would like to have control over what we teach. Primary schools certainly expressed that they needed more support and may benefit from lesson plans etc. Secondary schools do not require this- instead something in line with what other subjects have as part of the National Curriculum would be more appropriate.	3/18/2021 3:49 PM
