

Initial equality impact assessment screening form

This form is an equality screening process to determine the relevance of equality to an activity, and a decision whether or not a full EIA would be appropriate or proportionate.

Directorate:	Children and Adult's Services
Service Area:	Commissioning and Contracts
Activity being screened:	Disabled Facilities Grants
Officer(s) carrying out the screening:	Jeanette Crompton
What are you proposing to do?	Implementation of a revised Disabled Facilities Grants Policy and introduction of a Regulatory Reform Order Policy
Why are you proposing this? What are the desired outcomes?	To maximize the use of the Disabled Facilities Grant
Does the activity involve a significant commitment or removal of resources? Please give details	There is an annual allocation of dedicated funding for Disabled Facilities Grants included within the Better Care Fund. Since 2017 this annual allocation of funding has increased, and a review of the existing policy and the introduction of a new policy using the Regulatory Reform Order (Housing Assistance) (England and Wales) 2002 is required to ensure that the use of the grant is maximised.

Is there likely to be an adverse impact on people with any of the following protected characteristics as defined by the Equality Act 2010, or any other socially excluded groups?

As part of this assessment, please consider the following questions:

- **To what extent is this service used by particular groups of people with protected characteristics?**

- Does the activity relate to functions that previous consultation has identified as important?
- Do different groups have different needs or experiences in the area the activity relates to?

If for any characteristic it is considered that there is likely to be a significant adverse impact or you have ticked 'Don't know/no info available', then a full EIA should be carried out where this is proportionate.

Protected characteristic	Yes	No	Don't know/ Info not available
Age		√	
Disability		√	
Sex (gender)		√	
Race		√	
Sexual Orientation		√	
Religion or belief		√	
Gender reassignment		√	
Pregnancy or maternity		√	
Marriage or civil partnership		√	
Other			
Carer (unpaid family or friend)		√	
Low Income		√	
Rural Location		√	
Does the activity relate to an area where there are known inequalities/probable impacts (e.g. disabled people's access to public transport)? Please give details.	The introduction of the policies will cover all areas of the borough equally irrespective of known inequalities etc.		
Will the activity have a significant effect on how other organisations operate? (e.g. partners, funding criteria, etc.). Do any of these organisations support people with protected characteristics? Please explain why you have reached this conclusion.	The activity will not have a significant effect on how other organisations operate. However, there is the potential that by providing individuals with adaptations to their homes, this may reduce or delay the needs for services commissioned from Adult Social Care.		
Decision (Please tick one option)	EIA not relevant or proportionate:		Continue to full EIA:
Reason for Decision	A full EIA is not recommended as the updating of the existing DFG Policy and the introduction of the RRO Policy will not have any adverse effects on the above protected characteristics. Officers have not identified any potential		

	disadvantage to any of the above protected characteristics. The policies seek to provide additional support to eligible individuals in the form of grants/ reduced contributions and as such will have a positive impact for all recipients. As part of the implementation of the policies, officers will monitor for any potential negative effects and will review this decision and if required will undertake a full EIA.

Equality Impact Assessment Record Form

This form is to be used for recording the Equality Impact Assessment (EIA) of Council activities. It should be used in conjunction with the guidance on carrying out EIA in **Annex 2** of the Equality Scheme. The activities that may be subject to EIA are set out in the guidance.

EIA is particularly important in supporting the Council to make fair decisions. The Public Sector Equality Duty requires the Council to have regard to the need to eliminate discrimination, harassment and victimisation, advance equality of opportunity and foster good relations.

Using this form will help Council officers to carry out EIA in an effective and transparent way and provide decision-makers with full information on the potential impact of their decisions. EIAs are public documents, accompany reports going to Councillors for decisions and are published with committee papers on our website and are available in hard copy at the relevant meeting.

Section 2 – The Activity and Supporting Information

Details of the activity (describe briefly - including the main purpose and aims) (e.g. are you starting a new service, changing how you do something, stopping doing something?)

What will change? What will be different for service users/ customers and/ or staff?
What data, research and other evidence or information is available which is relevant to the EIA?
Engagement and consultation (What engagement and consultation has been done regarding the proposal and what are the results? What consultation will be needed and how will it be done?)
What impact will this activity have on the Council's budget? (e.g. cost neutral, increased costs or reduced costs? If so, by how much? Explain briefly why this is the case)

Section 3: Assessment

How will the activity affect people with protected characteristics?	No Impact	Positive impact	Negative impact	Why will it have this effect? (refer to evidence from engagement, consultation and/or service user data or demographic information, etc)

Section 7 – Reporting of Findings and Recommendations to Decision Makers

<p>Next Steps to address the anticipated impact (Select one of the following options and explain why this has been chosen – remember we have a duty to make reasonable adjustments so that disabled people can access services and work for us)</p>
<p>a) No negative impact on people because of their Protected Characteristics and therefore no major change is needed to the activity (There is no potential for discrimination or adverse impact identified)</p>
<p>b) Negative impact identified – recommend continuing with the activity (Clearly specify the people affected and the impacts, and providing reasons and supporting evidence for the decision to continue. The EIA identifies potential problems or missed opportunities. Officers will advise to change the proposal to reduce or remove these adverse impacts, or the Council will achieve its aim in another way which will not make things worse for people. There must be compelling reasons for continuing with the proposal which will have the most adverse impacts.)</p>
<p>c) Negative impact identified - adjust the activity in light of the identified impact to avoid, minimise or mitigate the impact (The EIA identifies potential problems or missed opportunities. The Council will change the proposal to reduce or remove these adverse impacts, or it will achieve the aim in another way which will not make things worse for people)</p>
<p>d) Actual or potential unlawful discrimination – stop and remove the activity (The EIA identifies actual or potential unlawful discrimination. It should be stopped.)</p>
<p>Explanation of why the option above has been chosen (Including any advice given by legal services)</p>
<p>If the activity is to be implemented how will you find out how it is affecting people once it is in place? (How will you monitor and review the changes?)</p>
