MAIN REPORT

Information and Analysis

Strategic Contracts

7. Any contract award decision with a value below £100,000 is delegated to officers. Under the Contract Procedure Rules an annual Procurement Plan is produced listing details of all existing and new contracts that are £100,000 or above and which require a tender process.
8. This then allows Cabinet to be advised of the contracts of £100,000 and over and to decide which of those contracts are strategic.
9. For those contracts designated strategic the final contract award decision will be approved by the Procurement Board and will be reported to Cabinet.
10. For the contracts designated non-strategic, the decision will be delegated to the relevant Directorate and detailed in the decision record.

Assessment of contracts

11. Details of which contracts are designated strategic, and which are designated non-strategic are detailed in Appendix 1. The contracts have been assessed against the criteria agreed by Cabinet, the criteria are provided at **Appendix 2** for information. However, Members and Officers may decide to recommend other than what the score suggests. Anything else would be considered non-strategic.
12. Based on the criteria there is one contract that are designated strategic in the update to the Annual Plan:
 - (a) **NEPO508 Temporary Agency Staff**
The procurement will be via a collaborative over threshold open tender exercise, carried out by NEPO.
 - (b) **Railway Heritage Quarter Project**
The appointment will be via a Direct Award, on the over threshold compliant Scape Framework.

Update on Procurements previously designated as Strategic

13. There was no strategic procurement activity detailed in the previous update.
 - (a) **NEPO603 Framework for the provision of Independent Foster Agency service**
The Framework has been awarded to a number of organisations.
 - (b) **Supply of Materials and Products for the Repairs & Maintenance to Council Housing and Public Buildings**
The procurement has not progressed, further work is being undertaken to understand the market.

(c) **Railway Heritage Quarter Project**

The contract has been awarded via the Scape Framework. The original project was agreed at £20 million and the revised final project total is now £30m.

Procurement Board waiver decisions

14. Under the Contract Procedure Rules, the Procurement Board may waive the Contract Procedure Rules in specific circumstances and is required to report waiver decisions that have been made to Cabinet.
15. The Contract Procedure Rules can only be waived as an exception. The Contract Procedure Rules require the Procurement Board when considering requests for waivers to take into account the following:
 - (a) The contract value and the length of the proposed contract.
 - (b) What steps have been taken to satisfy that the best value duty has been complied with (for instance quotations, market testing).
 - (c) The extent to which there are good reasons why it is not possible to undergo a competitive process (for instance, pressing need or urgency, where further work is required before going to market, where only a short contract extension is needed, or the lack of an available market).
 - (d) Whether the new contract is intended to be a stop gap prior to undergoing a competitive process.
 - (e) The availability of compliant alternatives to direct awards, such as frameworks.
 - (f) Any other reason that is being given by the commissioning area.
16. This report details the circumstances and the reasons why the contract procedure rules have been waived by Procurement Board at **Appendix 3**, during the period to the 1st October 2022.

Social Value

17. A further update on the social value generated within procurement activity, will be detailed in the April update.
