OVERVIEW OF HEALTH AND HOUSING SCRUTINY COMMITTEE

1. Since the last meeting of the Council, the following are the main areas of work the Health and Housing Scrutiny Committee has undertaken.

Work Programme 2023/24

2. We have given consideration to the Work Programme for this Committee for the Municipal Year 2023/24 and possible review topics. The work programme is a rolling work programme and items can be added as necessary.
3. We have suggested that items be included on breast symptomatic services; suicide prevention; Healthy Weight Plan and Physical Activity Plan; and that work be undertaken by the Committee in relation to physical accessibility to health care and ancillary care.
4. Following suggestions for items in relation to housing quality review and inequality levels in Darlington, Members were informed that updates on these items would be covered by existing items on the committee's work programme. The work programme will be updated accordingly.
