Introduction

1. The purpose of this annual report is to inform service users, carers, the public, Council Members and staff of the effectiveness of the Public Health Complaints, Compliments and Comments Procedure (the Procedure).
2. On the 1 April 2013 the NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012 (the Regulations) came into force. Part five of the Regulations deals with Complaints about Public Health Functions of Local Authorities.
3. The Council implemented a new procedure providing a local framework to ensure complaints are handled effectively and in line with the regulations.
4. The procedure aims to:
 - (a) Make it as easy and accessible as possible for service users and their carers to raise complaints;
 - (b) Foster an organisational culture in which complaints are accepted, owned and resolved as efficiently as possible;
 - (c) Ensure high levels of customer satisfaction with complaints handling;
 - (d) Resolve individual issues when they arise and reduce the number of complaints referred to the Ombudsman; and
 - (e) Enable the Council to identify topics and trends in relation to Public Health complaints and improve services as a result.
5. The Chief Executive is designated as the 'Responsible Person' for ensuring compliance with the arrangements made under the Regulations, and in particular ensuring that action is taken if necessary in the light of the outcome of a complaint. The functions of the responsible person will usually be performed by the Director of Public Health.
6. The Complaints and Information Governance Manager is designated the 'Complaints Manager' in accordance with the regulations and is responsible for managing the procedures for handling and considering complaints in accordance with the arrangements made under the Regulations.

Local Government and Social Care Ombudsman

7. Although complainants can refer their complaints to the Local Government and Social Care Ombudsman (LGSCO) from the outset, the LGSCO will not normally investigate until the Council or service provider has conducted its own investigation and provided a response. Where it has not been possible for the complaint to be resolved to the satisfaction of the complainant they may refer the matter to the LGSCO.

Information and Accessibility

8. We are committed to making sure that everyone has equal access to all our services, including the complaints procedure. To help make sure the Council's complaints procedures are easily accessible we have produced two leaflets (one for children and young people and one for adults) covering all Council services to reflect the single point of access for complainants within the Council. The leaflets are available in all Council buildings. They have been written in line with the Plain English Campaign standards. The title is written in the most commonly used community languages and it contains details on how to access the information in other formats, for example, large print, audio and Braille.
9. Information is available on the Council's website. There is also an electronic form which people can use to make a complaint, pay someone a compliment or pass comment on Council services. People may make a complaint in any format they wish. This can be in writing, by email, via the web, over the phone, in person or by any other reasonable means.
10. The Complaints Manager can arrange advocates and interpreters (including British Sign Language interpreters) where appropriate.
